Additional Information The applicant proposes to relocate the common property lines between five parcels to create three parcels for business purposes and future development. The parcels are all vacant. The Zoning Ordinance and Building Code do not permit structures to cross property lines and requires parking to be provided on-site. All parcels will meet all minimum lot size requirements after the proposed adjustment; however the southern parcel will be a large flag lot. The Zoning Ordinance and Building Code do not permit structures or required parking to cross property lines.

The Subdivision Ordinance requires that in order to create a flag lot the following findings be made:

- 1) Either the flag lot is required by topographic conditions, or there is no alternative design for the development of the interior portions of excessively deep parcels; and
- 2) The flag lot will not be detrimental to public health, safety, or welfare.

The proposed flag lot will allow a buildable lot to be created and the remaining portion of the lot that is flagged shape will provide access to the parcel from the street.

Agency Comments

The proposed project has been reviewed by the City Utilities Department, the Building Division, and the Public Works - Transportation and Engineering Planning Divisions. The comments received pertaining to the lot line adjustment have been included as conditions in the attached resolution.

Environmental Determination

This project will not have a significant effect on the environment and is exempt from environmental review pursuant to State EIR Guidelines {California Environmental Quality Act, Section 15305(a)}.

Joy D. Patterson
Zoning Administrator

The decision of the Zoning Administrator may be appealed to the Planning Commission. An appeal must be filed within 10 days of the Zoning Administrator's hearing. If an appeal is not filed, the action of the Zoning Administrator is final.

Note: The applicant will need to contact the Public Works Department (Anwar Ali, 264-7992) after the appeal period is over to record a certificate of compliance to complete the parcel merger.
