City Council  
Sacramento, California

Honorable Members, in Session:

**SUBJECT:** Public Hearing on the Solid Waste Disposal Alternatives Draft EIR.

**SUMMARY:**

The subject draft EIR has been prepared and distributed for public comment in accordance with State and City environmental guidelines. The City's environmental regulations require that a public hearing be held on all draft EIR's. It is recommended that Council designate the Planning Commission as the body to hold this hearing. This hearing will be on the sufficiency of the EIR only and not on the merits of the project. The merits of the project will be discussed when Council considers action on it.

**RECOMMENDATION:**

It is recommended that the Planning Commission be designated as the body to hold a public hearing on the sufficiency of the draft EIR for the Solid Waste Disposal Alternatives project.

Respectfully submitted,

*R. H. Parker*
