Honorable Members in Session

SUBJECT: Divestment Ordinance Amendments

SUMMARY

This report recommends that the City Council amend the South Africa Divestment Ordinance (#86-126) to: 1) authorize the City Treasurer to use the Investor Responsibility Research Center (IRRC) publication to establish the list of companies with South Africa involvement; and, 2) include a waiver provision which is authorized for investment transactions but was omitted for the use of professional service firms and the purchase of commodities. (See Attachment A for proposed Ordinance amendment.)

BACKGROUND

Investments and Purchases - On December 30, 1986, the City Council passed Ordinance No. 86-126 which prohibits the deposit or investment of certain City funds in firms or financial institutions which are organized under the laws of South Africa or Namibia, or have business operations or business arrangements in South Africa or Namibia. This ordinance also prohibits the purchase of goods and services manufactured or produced in South Africa or Namibia and establishes a 5% preference program for those companies which are not on the Treasurer's list, which is referred to below.

Section 3(b) (1) of the ordinance states that the City Treasurer shall consult the Investor Responsibility Research Center publication in the preparation of a listing of firms involved in South Africa or Namibia.

In addition, Section 2(a) (3) (i) states that before any City funds can be deposited or invested in any financial institution, the City Treasurer shall obtain from each financial institution an affidavit certifying that it does not have any outstanding loan of the type listed in Section 2 before doing business with such financial institution.

In order to accomplish the task of obtaining affidavits from all financial institutions with which the City could potentially do business in the manner described above, it would be necessary to send approximately 17,000 letters requiring a temporary staff of eight (8) people working a total of 735 hours at a cost of over \$23,000. (See Attachment B.)

The proposed amendment would delete Section 2(a) (3) (i) and Section 2(a) (3) (ii). The effect of this deletion and the other proposed amendments would be to make the IRRC publication the official list of companies doing business in South Africa or Namibia with whom the City would be precluded from investing or depositing any City funds until such time as an affidavit were submitted changing the status of any company on the list.

In order to facilitate the timely implementation of this proposed amendment, the 267 companies currently identified by the IRRC have already been sent a City of Sacramento South Africa Divestment Affidavit in order that they may verify their placement on the list. It should be noted that the deletion of the sections identified above will not interfere with the original intent of Council to prohibit doing business with those firms which have the required amount of South African or Namibian involvement.

Professional Services and Commodities - Sections 4 and 5 of Ordinance No.86-126 prohibit the City of Sacramento from entering into any agreement for professional services with any business firm which is on the list promulgated by the City Treasurer (IRRC List) or from purchasing any commodity which is manufactured or produced in South Africa or Namibia.

Subsection (b) in both sections 4 (professional services) and section 5 (purchasing) allows for the application of a 5% preference to any firms not on the IRRC List which submit a bid to do business with the City. This remains the same as the original resolution. The application of the 5% preference will place those firms on the IRRC list at a competitive disadvantage when bidding for City business.

In most cases, contracting professional services and the purchase of commodities can be accomplished by using firms not on the IRRC List. However, because of the uniqueness of an occasional requirement or in order to ensure continuity within the City in terms of past practices where to change would be cost prohibitive (i.e., computer systems, fleet equipment, etc.) it may be necessary to continue a business relationship with a company on the list.

To be able to do this and still meet the requirements of the ordinance, the amendment includes the provision of a waiver in Sections 4 and 5. This proposed waiver is the same as is already included in the ordinance regarding institutions in Section 2(b).

The waiver stipulates that a company identified on the IRRC list may be engaged by the City if no other business is available which is capable of performing the desired function, or if the City would incur a significant financial loss as a consequence of the prohibitions of the ordinance or as a consequence of the need to comply with the time constraints of the ordinance.

FINANCIAL DATA

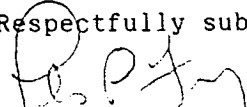

With the proposed changes to Ordinance #86-126 the original intent can be carried out at virtually no additional costs.

RECOMMENDATION

It is recommended that the City Council amend Ordinance No.86-126 to:

- 1) authorize the City Treasurer to use the IRRC publication to establish the list of companies with South African involvement; and,
- 2) include a waiver provision which is authorized for investment transactions but was omitted for the use of professional service firms and the purchase of commodities.

Respectfully submitted,

  
THOMAS P. FRIERY  
City Treasurer

The City of Sacramento shall not purchase any commodity which is manufactured or produced in South Africa or Namibia.

(b) Selective Purchasing

Notwithstanding any contrary provision in the City Code, and subject to the provisions of the City Charter, the City Manager shall within 120 days from the date of adoption of this ordinance submit to the City Council for adoption an ordinance establishing a selective purchasing procedure which awards a five percent (5%) preference to any bidding business firm whose name does not appear on the list promulgated by the City Treasurer pursuant to Section 3, subsection (b)(1) of this ordinance.

(c) Waiver

The prohibitions of Section 5(a) shall not apply if the City Manager, in his or her discretion, finds that:

(1) no other business firm is available which is capable of satisfactorily performing the desired function, or

(2) the City will incur a significant financial loss as a consequence of the prohibitions contained in this ordinance, or as a consequence of the need to comply with the time constraints of this ordinance.

In such event, the City Manager shall endeavor to select that business firm which best meets the following two criteria:

(1) maintains policies that conform to the greatest extent with the intent of this ordinance, and

(2) is most capable of providing a level of service equal to that which the City could have received if the prohibitions of this section had not been enacted.

The City Manager shall periodically report to the City Council each and every exercise of waiver implemented pursuant to this subsection. The City Manager shall within 120 days from the date of adoption of this ordinance develop rules and regulations which specifically address both the criteria and reporting procedures. Such rules and regulations shall be approved by the City Council.

(d) Contract Stipulation Required

Prior to the City Council awarding any contract to a business firm for the purpose of supplying a commodity to the City of Sacramento, the City shall require the business firm to stipulate, as a material condition of the contract, that the commodity offered for sale to the City of Sacramento is neither manufactured nor produced in South Africa or Namibia.

(e) Applicability

This section shall apply only to contracts awarded by the City Council.

(f) Compliance

Subsections (a) and (c) of this section shall become operative one hundred twenty (120) days after the date of adoption of this ordinance. Subsection (b) of this section shall become operative upon the effective date of the ordinance to be adopted pursuant to that subsection.
