Description/Analysis

Issue: In June of 2000, Council approved a five-year Agreement with Tickets.com for the exclusive ticketing provider services at the Sacramento Convention Center Complex ("Center"). In July 2005, Council awarded Tickets.com a new Agreement to provide ticketing services for a three-year term with up to two one-year extensions. The Center has requested that the Agreement be amended to change distribution of ticket proceeds from post event to weekly payments; and to incorporate additional pieces of equipment provided by Tickets.com into the existing equipment list.

Currently, all tickets for events occurring at the Center are sold exclusively through Tickets.com multiple ticket outlets, Website, and call centers; or through the Center's on-site Box Office. Revenue received from ticket sales are held in separate bank accounts, respectively, until the conclusion of each event. The final ticket receipts are reconciled by Tickets.com and the Center's Box Office, and all net receipts due are paid to the appropriate client/promoter ("Settlement").

For clients who host multiple week runs of performances, (i.e., Performing Arts Groups) Settlement is often requested on a weekly basis. Under the current Agreement, Tickets.com is not obligated to forward ticket sale proceeds to the Center until the conclusion of the event. This can cause the Center to have to request an advance on receipts from Tickets.com to cover client's weekly Settlement. The amendment will align Settlement procedures for both parties.

In addition, as part of the original Agreement, Tickets.com has provided and maintains on-site ticketing and Data communication equipment. This Agreement Addendum updates the current equipment provided by Tickets.com to encompass all equipment currently on-site.

Policy Considerations:

This report is consistent with the City's Strategic Plan Goal of Promoting and Supporting Economic Vitality by allowing the Convention Center Complex to remain competitive, thereby, drawing visitors and conventioners to the City.

Environmental Considerations:

The actions recommended in this report are exempt under CEQA guidelines, Section 15261(a).

Rationale for Recommendation:

The City will benefit from the change in payment procedure as this will ensure a more timely transfer of money from Tickets.com to the Center. Additionally, it is prudent to account for all equipment currently on-site at the Center that is owned and maintained by Tickets.com

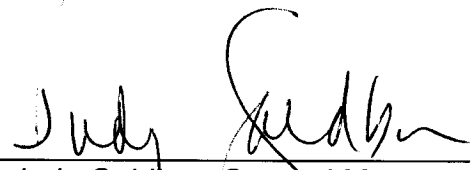

Financial Considerations:

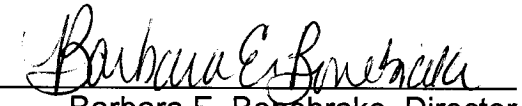

The Convention Center Complex operates as an Enterprise Fund and is primarily supported by the Transient Occupancy Tax and user fee revenues.

The current Agreement has brought \$450,000 for the 2005/2006 fiscal year, and is anticipated to meet or exceed projected revenue over the remaining term of the agreement. With nominal interest accrual, the proposed Addendum will have minimal financial impact on the current Agreement.

Emerging Small Business Development (ESBD):

Tickets.com is not an ESBD business.
