**Location/Council District:**

Alley bounded by "B" Street, 12th Street, "C" Street and 11<sup>th</sup> Street within Council District 1 (Attachment "A", Page 4)

**Recommendation:**

Adopt the Resolution approving the Summary Vacation of the alley bounded by "B" Street, 12th Street, "C" Street and 11<sup>th</sup> Street.

**Contact(s):** Jerry Lovato, Senior Engineering Technician, (916) 808-7918; Cesar Narvaez II, Junior Engineer, (916) 808-7873

**Presenters:** Not Applicable

**Department:** Development Services Department

**Division:** Development Engineering

**Organization No:** 4815

**Summary:**

GMA Investors, owner of the Globe Mills property, requested the vacation (abandonment) of the subject alley. The alley will be utilized as part of the Globe Mills Adaptive Reuse Project. Staff finds that the vacation of the subject alley is in conformance with the State of California Streets and Highways Code Section 8333, because this subject alley is an excess right-of-way not required for street and highway purposes. Staff recommends approval of this vacation.

**Committee/Commission Action:**

The City Planning Division has reviewed the proposed vacation of the alley bounded by "B" Street, 12<sup>th</sup> Street, "C" Street and 11<sup>th</sup> Street. The General Plan does not consider

alleys in the circulation plan. Therefore, the vacation of this alley will not affect the existing circulation of the area and the proposed vacation is consistent with the General Plan.

**Background Information:**

On January 19, 2005, the Zoning Administrator approved the Globe Mills Adaptive Reuse project (Z04-229). This project involves rehabilitation and reuse of structures, some demolition, and construction of two new structures with parking on the historic Globe Mills property. The land used is primarily residential, consisting of senior housing and market rate apartment units, plus a small amount of service and retail use to serve the residents of the complex.

The subject alley is located at the north side of the Globe Mills property (see Attachment "A"). This alley is unimproved and fenced-off at the entrance at 11<sup>th</sup> Street, and dead ends at 12<sup>th</sup> Street. This alley is currently not utilized for access by the adjacent properties. The alley, when vacated, will be utilized as a gated private driveway for ingress and egress for the project site. A public utility easement will be retained for maintenance of existing facilities located in the alley.

Staff finds that this request for vacation is in conformance with the State of California Streets and Highways Code (S&HC) Section 8334 because this alley is an excess right-of-way not required for street or highway purposes. Staff recommends that the City Council approve this vacation request.

Following vacation, the title to the subject property is cleared of the public road right-of-way.

**Financial Considerations:**

The applicant is responsible for all fees required to process the vacation application and there is no cost to the City.

**Environmental Considerations:**

The Development Services Department, Environmental Planning Services Division has reviewed this project and determined that the activity is exempt from the provisions of CEQA (California Environmental Quality Act) under Section 15061(b)(3) of the CEQA Guidelines. Where it can be seen with certainty that there is no possibility that the activity in question may have a significant effect of the environment, the activity is not subject to CEQA.

**Policy Considerations:**

The Council action recommended in this report supports the City's 3 Year Strategic Plan Goal to "promote and support economic vitality". The State of California, Streets and Highways Code, Section 8330-8334.5 allows for the vacation of streets, alleys, and easements.
