SUBDIVISION REVIEW COMMITTEE RECOMMENDATION: On February 11, 1987, by a vote of five ayes, four absent, the Subdivision Review Committee voted to recommend approval of the tentative map subject to the attached conditions:

APPLC. NO. P87-059 MEETING DATE February 26, 1987 ITEM NO. 6

BACKGROUND INFORMATION: The subject site is a portion of Parkway Oaks Unit 5 approved by the City Council on August 30, 1983 (P83-107). Corner lots were zoned Townhouse (R-1A) for future halfplex development. The corner lots were not split at that time and no special permit was ever approved.

PROJECT EVALUATION: Staff has made the following findings:

A. Land Use

The subject site is designated for residential uses in the 1974 General Plan and for low density residential uses in the 1978 South Pocket Community Plan. The site is surrounded by vacant and developing low density residential uses.

B. Design

The subject site is zoned R-1A and the applicant is requesting a special permit to construct a halfplex. Unit A is 1,904 sq. ft. with a 636 sq. ft., 3 car garage. The unit has 3 bedrooms and 3 baths; Unit B is 1,963 sq. ft. with 2 bedrooms, 3 baths, and a 3 car garage. The structure is two stories in height. Exterior building materials consist of stucco, brick veneer and a medium shake roof. Staff finds these units acceptable and compatible with surrounding development.

The applicant indicates that specific landscaping plans have been developed for the site. Staff, therefore, does not object to the irregular, triangular shaped rear yard.

C. Parkland Dedication

The Planning and Community Services Divisions have determined the Parkland Dedication in lieu fees are appropriate. Fee will be based upon .0298 acres of land multiplied by the per acre value established by the applicant's appraiser.

ENVIRONMENTAL DETERMINATION: The project is exempt from environmental review pursuant to State EIR Guidelines (CEQA, Section 15315).

RECOMMENDATION: Staff recommends that the Commission take the following actions:

- A. Approve the Tentative Map by adopting the attached resolution with conditions.
- B. Approve the Special Permit subject to conditions and based upon findings of fact which follows.

Conditions:

The project shall be developed per the submitted plans which consist of stucco, brick veneer and a medium wood shake roof.

Findings of Fact - Special Permit

1. The project is based upon sound principles of land use in that:
 - a. it is compatible with surrounding development;

- b. it will not increase density anticipated in the area since the site was originally intended for halfplex development.
2. The project will not be detrimental to public health nor safety, or result in a nuisance to surrounding property, in that:
 - a. adequate parking is provided;
 - b. potential use of the rear yard is maximized.
3. The proposed project is consistent with the City's Discretionary Interim Land Use Policy in that the site is designated for Low Density Residential uses in the 1978 South Pocket Community Plan and the proposed map conforms with the plan designation.

RESOLUTION NO.

ADOPTED BY THE SACRAMENTO CITY PLANNING COMMISSION

ON DATE OF

ADOPTING FINDINGS OF FACT AND
APPROVING A TENTATIVE MAP FOR
PROPERTY LOCATED AT THE SOUTHWEST CORNER OF
POCKET ROAD AND EVROS RIVER COURT. (P87-057)
(APN: 031-1010-001)

WHEREAS, the City Planning Commission, on February 26, 1987, held a public hearing on the request for approval of a tentative map for property located at the southwest corner of Pocket Road and Evros River Court;

WHEREAS, all governmental and utility agencies affected by the development of the proposed subdivision have been notified and given the opportunity to respond;

WHEREAS, the City Environmental Coordinator has determined that the proposed project is exempt from environmental review pursuant to State E.I.R. Guidelines (CEQA, Section 15315);

WHEREAS, the Parcel Map Advisory Agency has submitted to the City Planning Commission its report and recommendations on the proposed subdivision;

WHEREAS, the City Planning Commission has considered the design of the proposed subdivision in relation to feasible future passive or natural heating and cooling opportunities; and

WHEREAS, the City Planning Commission has considered the effects that approval of the proposed subdivision would have on the Sacramento Metropolitan area and balances these needs against the public service needs of City residents and available fiscal and environmental resources.

NOW, THEREFORE, BE IT RESOLVED by the Planning Commission of the City of Sacramento that:

1. None of the conditions described in Government Code Section 66474, subsections (a) through (g) inclusive, exist with respect to the proposed subdivision.
2. The proposed subdivision, together with the provisions for its design and improvement, is consistent with Chapter 40 of the City Code, which is a Specific Plan of the City. The proposed project is consistent with the City's Discretionary Interim Land Use Policy in that the site is designated for residential uses in the 1976 South Pocket Community Plan and the proposed map conforms with that designation.
3. The proposed subdivision, together with its design and improvements, is consistent with Chapter 40 of the City Code, which is a Specific Plan of the City. The proposed project is consistent with the City's Discretionary Interim Land Use Policy in that the site is designated for low density residential and the proposed map conforms with the plan.

4. The discharge of waste from the proposed subdivision into the existing community sewer system will not result in violation of the applicable waste discharge requirements prescribed by the California Regional Water Quality Control Board, Central Valley Region in that existing treatment plants have a design capacity adequate to service the proposed subdivision.
5. The design of the proposed subdivision provides, to the extent feasible, for future passive or natural heating and cooling opportunities.
6. The tentative map for the proposed subdivision is hereby approved, subject to the following conditions which must be satisfied prior to the filing of the final map unless a different time for compliance is specifically noted:
 - a. Place the following note on the final map: Water and sewer service connections for Parcel B must be paid for and installed at the time of obtaining building permits.
 - b. Pay off existing assessments, or file the necessary segregation requests and fees to segregate existing assessments;
 - c. Pursuant to City Code Section 40.1302 (Parkland Dedication), the applicant shall submit to the City an appraisal of the property to be subdivided and pay the required parkland dedication in-lieu fees. The appraisal shall be dated not more than 90 days prior to the filing of the final map;
 - d. Pay Pocket Bridge fees, if unpaid.
