City Council

Honorable Members in Session:

**SUBJECT: EXTENSION OF TWO LIMITED TERM ELECTRICIAN LINEWORKER  
POSITIONS THROUGH MARCH 4, 1988**

SUMMARY

The Communications Division requests authorization from City Council to grant a two month extension of the limited term positions of two electrician lineworkers. The projected cost of \$16,865 will be reimbursed by Sacramento Cable Television.

BACKGROUND

In FY86-87 City Council approved a mid-year staff augmentation for two limited term electrician lineworkers through the 1987 calendar year to inspect aerial cable television installations on poles that contain city-owned municipal fire alarm lines. This was required due to numerous safety violations caused by the recent installation of cable lines. At the time the request for these two positions was made, Sacramento Cable Television had indicated that their project would be completed by the end of December 1987. However, final inspection and infraction repairs are expected to last through March 4, 1988.

FINANCIAL

Salary and benefits for the limited term electrician lineworker positions at the C step for two months (January/February 1988) are as follows:

Electrician Lineworker R-2	\$16,865
----------------------------	----------

October 22, 1987

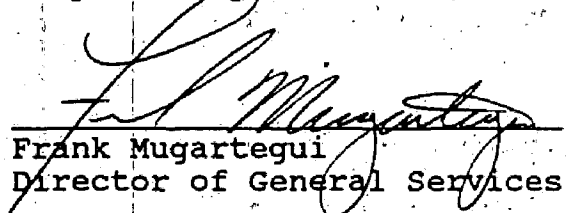

Funds for the salaries and benefits related to these two limited term positions through the extended period shall be reimbursed from Sacramento Cable Television per their authorization letter dated March 5, 1987 (see attached).

RECOMMENDATION

It is recommended that:

1. The Communications Division be granted a two month extension of two limited term electrician lineworker positions through March 4, 1988.
2. Appropriation to Account Number 101-190-1952-4101-9658 be increased by \$16,865.
3. The revenue budget estimates contained within the 1987-88 Approved Budget be increased in Account Number 101-190-1952-3230-9658 by \$16,865 to include reimbursement revenues to be received from Sacramento Cable Television for these limited term positions.
