

MINUTES OF CIVIL SERVICE BOARD  
CITY OF SACRAMENTO  
REGULAR MEETING                      JANUARY 4, 1972

The regular meeting of the Civil Service Board was called to order by President Marion Woods at 1:45 p.m. in the City Hall Council Chamber.

Present: Members Reynoso, Street, Woods, Yew.  
Absent: Member Alexander.

COMMUNICATION FROM ATTORNEY RAYMOND THIELEN REGARDING USE OF SELECTIVE  
CERTIFICATION FOR FIREFIGHTER ELIGIBLES

Attorney Raymond J. Thielen's letter dated December 28, 1971, was read by the Secretary. Mr. Thielen was retained by Mr. Tom Lavery on behalf of a group of Firefighter eligibles who expressed a grievance against the City on the use of selective certification in filling vacancies within the Fire Department.

Mr. Thielen expressed his opinion that, if more qualified Caucasian Firefighter eligibles had been passed over in order to certify minority persons who had placed lower on the eligible list, it would be contrary to the provisions of City Charter Sections 44, 47 and 52a. He further expressed his concern that the use of selective certification discriminates against those who are most qualified and, if allowed to continue, it would tend to destroy the merit system of civil service.

Request was then made by Mr. Thielen on behalf of his clients to (1) terminate the minority persons who were hired and restore them to their places on the eligible register, (2) replace them with others to be certified from the eligible list under the provisions of Section 44 of the City Charter, and (3) discontinue the use of selective certification policy provided for in 11.12 of the Civil Service Rules.

Mr. Milton McGhee, a former City Councilman and an Attorney at Law, read his prepared statement dated January 4, 1972. His appearance before the Board was at the request of Mr. James Williams, President of the Sacramento Chapter, National Association for the Advancement of Colored People. Mr. McGhee reviewed the actions taken by the City Council after receipt of the Pace Maker Report; its adoption of the Affirmative Action program proposed by the Personnel Officer by his memorandum of February 1, 1971, to the City Manager and to the City Council; and its ultimate adoption of the Affirmative Action Policy Statement on May 20, 1971. Mr. McGhee expressed his support and encouragement of the Board's role to pursue and to implement necessary solutions to bring about equality in employment opportunities within the City service as directed by the City Council's Affirmative Action Policy Statement.

He informed the Board that, if the Board were to reverse its decision and fail to affirmatively move forward on the program which was initiated by the Board, then NAACP would bring suit against the City.

Mr. John Steely appeared before the Board. Mr. Steely questioned whether Mr. Marion Woods should sit as a member of the Board inasmuch as Mr. Woods' term

on the Civil Service Board expired December 31, 1971. Mr. Woods showed Mr. Steely and read to members of the audience the opinion of the City Attorney which stated that members of the Civil Service Board continue to serve after the expiration of a specific term until reappointment of the incumbent or appointment of another person by the City Council.

Mr. Steely stated that he could find no justification for selective certification in the Equal Employment Opportunity Commission guidelines nor in the resolution adopted by the City Council and that the Civil Service Board would be in violation of its guiding laws.

Mr. Joe Cooper, President of the Sacramento Urban League, and Mr. Harry Osborne, representing the Sacramento Area Economic Opportunity Council, appeared before the Board in full support of the selective certification rule.

Mr. Yew pointed out the fact that, out of the four minority persons certified and hired, one would have been certified in the conventional manner. Therefore, only three persons were actually bypassed in the use of selective certification for Firefighter vacancies. President Woods and other Board members reported to the parties present that the subject of selective certification had been fully studied and reviewed; that public hearings were held on the proposed Affirmative Action program and on selective certification before their adoption, at which time it was specifically asked whether there were any objections to selective certification, and there were none; and that the Board then acted on August 3, 1971, to adopt the rule.

Thereupon, motion was made by Mr. Street that the three requests made by Mr. Thielen on behalf of his clients be denied. The motion was seconded by Mr. Yew, and the vote was as follows:

- Ayes: Members Street, Woods, Yew.
- Absent: Members Alexander, Reynoso.
- Noes: None.

After the conclusion of this item, at about 2:00 p.m., Mr. Reynoso appeared.

The City will comply with this request.
