Budget and Finance Committee  
Sacramento, California

Honorable Members in Session:

SUBJECT: General Fund Contingency Status Report

### SUMMARY

This report provides a status report on the General Fund Contingency.

### BACKGROUND

Upon adoption of the 1986-87 Budget, a General Fund Contingency of \$1,017,000 was established. There are four major reasons for this Contingency to change throughout the year:

1. Council Approved Augmentations (Reductions). During the course of the year the Council may approve requests for augmentations (reductions) to the operating or capital budget.
2. Administrative Augmentations/Reductions. As provided in the Budget Resolution, the City Manager has the authority to transfer up to and including \$20,000 (per request) from the Administrative Contingency. (Requests in excess of \$20,000 must have Council approval.) Generally, such transfers are used to deal with unanticipated costs which have little or no programmatic impact.
3. Capital Project Closures. When Capital projects are closed out, any remaining funds are returned to the originating Contingency/Fund balance. Conversely, if at project close-out there is an overrun, a transfer is made from the originating Contingency/Fund balance. Overruns in excess of \$20,000 are brought to Council for approval of the transfer.
4. Midyear Adjustments to Revenue, Beginning Fund Balance. During the year, staff will prepare updates on beginning fund balance, revenues, and expenditures. A formal

adjustment of beginning fund balance will result in a similar adjustment to Contingency, e.g., if beginning fund balance comes in higher than anticipated the incremental adjustment will be appropriated to Contingency. Likewise, the Midyear reestimate of revenues can also impact Contingency.

#### CURRENT CONTINGENCY STATUS

As of October 14, 1986, a net total of \$497,648 has been expended from the General Fund Contingency. The remaining balance is \$519,352. The attached table details the year-to-date transfers from the General Fund Contingency.

If the General Fund Contingency request on today's agenda (Bercut move) is approved, the Contingency will be reduced another \$139,015 to \$380,337.
