Re: Terracina Gold Project - Application for (Grading) Permit - #0010898

Dear Mr. Harris:

Enclosed for your review and action, please find the accompanying plans for a grading permit to commence grading for the above-referenced project. Pursuant to our discussions with the City Attorney's office, we understand that the City's current policy is not to issue such permits pending resolution of the current litigation regarding the status of the City's Habitat Conservation Plan for the North Natomas area, unless the project in question meets the requirements for an exemption from such policy. From those discussions, we also understand that the City has not required from applicants any waiver of the right to contest the denial of any permit based on such policy.

We anticipate that, under the City's current policy, our project may not meet the requirements for an exemption. Nevertheless, we request that you promptly review the enclosed application and either issue or deny the requested permit as soon as practicable. In accordance with our understanding of the City's policy from our discussion with the City Attorney's office, we submit the enclosed application without waiving any rights we may have to take appropriate legal actions to contest either (a) a decision to deny the requested permit or (b) the City's current policy as applied to our project.

Thank you in advance for your prompt consideration of the enclosed application and please contact the undersigned

Sincerely,
USA Properties Fund
