CONSENT REPORT
September 6, 2005

Honorable Mayor and
Members of the City Council

Subject: Extension of Continuation of Partial Salary and
Health and Welfare Coverage for Military Leave

Location/Council District: Citywide

Recommendation:

It is recommended that the City Council adopt the attached resolution 1) extending the payment of partial salary during military leave from July 1, 2005 through June 30, 2006, and 2) extending the continuation of health and other insurance coverage through June 30, 2006.

Presenters: Dee Contreras, Director of Labor Relations

Department: Office of Labor Relations

Division: None

Organization No: 1610

Summary:

Since 1991 the City has provided partial continuation of salary and health and welfare benefits for employees who are called to active military duty during periods of national emergency. The most recent extension of benefits was adopted on June 7, 2004 and expired on June 30, 2005. This is to extend the supplement of salary and insurances for the families of City employees who are called to active duty to serve in or support Operation Iraqi Freedom.

Committee/Commission Action: None

Background Information:

The partial continuation of benefits is available to career employees entitled to military leave pursuant to the Civil Service Rule 17, who are called up and serve for a period of

up to one year. Any period beyond one year must be approved by the City Manager. The employee must request the continuation of salary and the City then provides the difference between the military pay, including allowances, and the City salary including incentives and step advances.

In addition, the employee may request continuation of medical, dental and life insurance in which the employee was enrolled prior to activation by the military, and the City will continue the City contribution for such insurance.

The continuation benefit is only available to employees who are called up for service and not those who enlist or are called up after the cessation of the declared national emergency. This continuation will be administered consistent with the prior program.

Financial Considerations:

There are approximately 40 employees who are members of the reserves or National Guard who are eligible to participate in this program. The fiscal year 2004-05 cost of the salary and insurance continuation was \$36,000. It is anticipated that the annual cost for the current year will not exceed \$40,000.

Environmental Considerations: None

Policy Considerations:

This action affirms the City support for employees called to military service and recognizes the burden placed on these individuals and their families and is consistent with the City Strategic Plan goal of valuing employees.

Emerging Small Business Development (ESBD): None
