Honorable Members In Session:

SUBJECT: License Agreement With Western Pacific Railroad Company

BACKGROUND INFORMATION

The Division of Water and Sewers is planning a water main extension to be in Johnston Industrial Park with an existing water main now crossing the American River. In order to accomplish this, it will be necessary to go under the Western Pacific's tracks in the vicinity of the American River levee. The railroad company is willing to grant the City a license to do this work within their property.

FINANCIAL DATA

There is a fee of \$150.00, payable to the railroad company, for this license.

RECOMMENDATION

It is recommended that the attached Resolution authorizing the City Manager to execute the License Agreement be adopted.

Respectfully submitted,

R. H. Parker
City Engineer

In reply please refer to our

File: L-11,180 UNDERGROUND LICENSE

This refers to your letter dated October 28, 1980 concerning proposed
installation of a 12" water line encased in an 18" casing crossing under tracks of
The Western Pacific Railroad Company at a point 135.6' West of the East Abutment of
Bridge No. 140.20 in Sacramento, California.

We have no objections to your proposal, provided the casing or structure is installed by jack and dry-bore methods under our tracks at a depth of not less than 5 feet from top of structure to top of rail for a distance of at least 20 feet measured at right angles from the centerline of our tracks; that no open excavation be made closer than 20 feet from the centerline of our tracks; that you and/or your contractor should arrange to insure that the jacking pit and recovery pit is well compacted after completion of the project - such compaction shall be by conventional methods, and if settlement occurs, it will be your responsibility to correct such settlement at a future date. Also, the cost of any expense for our flagmen and/or inspectors necessitated by this installation will be paid by your organization.

~~XXXXXXXX~~
(Applies) (Does not Apply) There are underground cables in this location and the cost of protecting and, if necessary, replacement due to damage by your construction will be at your sole expense.

Attached are triplicate copies of our license agreement covering the above. Please have all copies signed by the proper officer of your organization, returning the documents to me for completion of execution, after which you will be furnished copies for your files.

After the document has been signed by you and received in this office, we then request you notify us at least 5 working days in advance of commencement of your work so we in turn may advise our field forces, and if any questions arise, please call this office - Phone 982-2100, Extension 294.

Very truly yours,

C. G. Yund, Chief Engineer
