RESTRICTED GRANT EASEMENT DEED

We, **Regina M. Nelson** and **Seth M. Nelson**, husband and wife, of 4125 V Street, City of Sacramento, County of Sacramento, State of California ("Grantors"), in consideration of \$1.00, and other valuable consideration, receipt of which is acknowledged, hereby grant and convey to **Myrtle Jean Jennings**, a Property owner, residing in the State of California, her agents, and employees ("Grantees") to enter on and have access to the following real property owned by Grantors and located in the County of Sacramento, State of California, and more particularly described as:

Elmhurst Map 02, Lot Number 2619, commonly known as 4125 V Street,
 Sacramento, California

Assessor's Parcel No. 011-0114-014-0000

This easement is for the express purpose of granting clear access to the electrical service panel; and to restrict the construction of buildings, fences and/or other structures within thirty-six (36) inches of the electrical service located on the rear dwelling at 4133 V Street, City of Sacramento, County of Sacramento, State of California. This easement is a Grant in perpetuity, unless, and/or until such electrical service panel is no longer located on the aforesaid rear dwelling. Upon termination, the Grantees will return the property as nearly as practicable to its original condition.

Grantor retains ownership of the strip of land subject to the easement granted herein, and may continue to use same for any and all purposes which do not interfere with or prevent Grantee's use and enjoyment of the easement rights granted herein.

Memorandum

MICROFILM AT FINAL

TO: Don Verga, Electrical Field Manager
FROM: Harold E. Walker
DATE: September 23, 2004
SUBJECT: Easement Agreement Sample Wording

Don, following is the wording suggested for the easement granted by the Nelson's. If this meets the requirements of the City in the affirmative, please let me know as soon as possible. If not please provide wording that would meet requirements for this alternative solution for our electrical permit approval. Also, do you know if this will cause the County of Sacramento to reassess the affected properties?

Thanks again for your assistance.

SUGGESTED RESTRICTED EASEMENT DEED

We, Regina M. Nelson and Seth M. Nelson, husband and wife, of 4125 V Street, City of Sacramento, County of Sacramento, State of California ("Grantors"), in consideration of \$1.00, and other valuable consideration, receipt of which is acknowledged, hereby grant and convey access to enter on the following real property owned by Grantors and located in the County of Sacramento, State of California and more particularly described as:
Elmhurst Map 02, Lot Number 2619

Such easement is for the express purpose of Granting in Perpetuity clear access to electrical service, and to restrict the construction of buildings, fences and/or other structures within the easement. Such buildings, fences and other structures shall not be constructed within thirty-six (36) inches of the electrical service located on the rear dwelling at 4133 V Street, City of Sacramento, County of Sacramento, State of California.

Grantor retains ownership of the strip of land subject to the easement granted herein, and may continue to use same for any and all purposes which do not interfere with or prevent Grantee's use and enjoyment of the easement rights granted herein.

Thanks for the new reading material.

To : City of Sacramento Don Verga**From :** Harold Walker**Sent :** 11/5/04 at 6:49:44 AM**Pages :** 2 (including Cover)**Subject :** Bldg Permit No. 0407869

Don, here is the memo that should have been delivered to you for review on Monday the 27th.

As you will recall from our telephone conversation, I suggested that upon your review, we could meet and then I would proceed with the Nelson's to get this or some alternative wording filed as a Restrictive Deed. Thus the City of Sacramento would approve the electrical work and we would be 100% complete with this matter.

Apparently our communications slipped along the line. Anyway here is the suggestion. If this get approved by the City Attorney that's great. If not please tell me who we should work with in their office.

Thanks again for your patience and assistance with this matter, Sioncerely Harold Walker

Attention: Mr. John Briel Building Inspector
Subject: 4133 V Street
Sacramento, CA 95817
Permit No. 0407869

Dear Mr. Briel:

Thank you for your help and allowing us to exercise the option of having a deed recorded with the County of Sacramento granting an Easement for the rear of this property. We would like to pursue this option and would request your additional assistance.

After checking with the City Attorney I am advised that your department will issue a letter of determination and/or a letter of decision stating exactly what options we have with these issues of compliance. Such letter will indicate exactly what action should be taken to comply with City codes.

Accordingly, would you please issue such a letter stating that you will accept a recorded Easement from the adjoining property owner in lieu of code requirements previously mentioned in your various correction notices? Prior to filing this recorded Easement, we will seek your approval of this document. If you can offer the precise wording that will meet your approval, this would be very helpful.

My attorney will create a draft document for your approval. With your approval, it will then be given to our neighbor for their approval, and then be recorded. We anticipate this process not taking more than ten days from receipt of your letter.

Again thank you for your assistance.

Sincerely,

Harold E. Walker

Permit No. 0407869
Property: 4133/Rear V Street
Sacramento, CA 95817

Attention: Mr. Don Verga, Electrical Field Manager

Dear Mr. Verga:

I'm the caretaker for this property and with this note I am seeking your assistance. The owner is elderly and unable to attend to this matter, and therefore has requested my assistance. Accordingly, I'm writing to you for your instructions in this matter.

On Friday 6/5 I called you to request the following information:

Can you please advise how we apply for a waiver regarding the relocation of the electrical service for this rear dwelling? Our desire is not to move the service, but to keep it as is. A Correction Notice has been issued under the captioned permit, calling for the relocation of the electrical service for this rear dwelling, to the front dwelling.

May 16, 2004

At approximately 1:30 p.m. the power leads to the rear dwelling arced scorching the rain gutters, resulting from high winds. The electrical lines were damaged causing a serious threat to life and property. I called the Fire Department, and they in turn requested emergency service from SMUD.

Upon SMUDs' arrival, I informed the Representative that the installation of a new telephone pole--- forty feet from our service---on Thursday June 13th was what I believed changed the tension of the lines. This action contributed to the shorting problem. He made no comment as to my suggestion, other than to agree a change in tension had occurred and with the winds we now must repair the service connection. He suggested a resolution to our problem.

He indicated the bulls-eyes on the roof would have to be reattached. A building permit would be required before SMUD would connect or re-establish service. I suggested we would install a new weather-head and the SMUD Rep. said that would be an improvement.

6/14/04
NO WAIVER
CLEARANCE TO R 72"
D Varg
SERVICE TO BE
RELOCATED

Mr. Don Verga
Page 2 of 2

May 17, 2004

I contacted the contractor who in turn applied for the building permit, and installed the new weather-head and moved the electrical box approximately eleven feet. This is the exact location of the previous power inlet on the roof.

NOTE: there has not been an expansion of service, or installation of additional circuits. We enhanced safety by installing a weather-head and moved the tin box (new) to be located under the weather-head.

June 2, 2004

Basij

The City Building Inspector Mr. Basij came to inspect the work and provide approval as called for in the permit issued on May 20th. He would not approve the repair work and indicated we would have to move the electrical service box and meter to the same location as the front house.

CONCLUSION

We would like the repair work approved as completed by the contractor, as suggested by SMUD, and as required to provide a safe home for our tenant. If final approval requires a waiver or additional paper work, we respectfully request that you provide same for our completion.

Moving the electrical service at this point in time creates considerable expense that could represent a serious financial hardship. This home is some fifty years old and our concern is and will continue to be safety.

I look forward to your assistance in this matter and appreciate your consideration and recommendations. If we need to request a special waiver from SMUD we are prepared to do that for the owner.

Sincerely,

Harold E. Walker

Dear Mr. Verga:

This is my second letter, the first being personally delivered on June 7th to your office. This too is being personally delivered.

It appears from my telephone messages that you in fact have made an effort to assist us with information. However, you have not responded to my original request. For reference, I have attached a copy of my first letter.

Since your last telephone message, I have called you on three occasions and requested the exact same information as contained in my original communication. *If you are unable to assist me with specific information as to the name, title and location of the person for whom I should make my request please let me know.*

This matter is fast approaching CRITICAL and I desperately need your professional assistance.

Sincerely,

Harold E. Walker
