Attachment 1

BACKGROUND

Cover the Kids (CTK) is a broad-based collaborative partnership housed in the City of Sacramento, Department of Parks and Recreation representing both public and private entities that has been coordinating health insurance coverage outreach, enrollment (application assistance), retention and utilization services since late 1998. CTK expanded its efforts in 2003 and has developed a comprehensive plan to provide medical, dental and vision coverage to the uninsured children in Sacramento County. CTK's charter focuses on two areas: 1) enrolling eligible children in existing health programs and 2) creating an additional insurance product, Healthy Kids, for those kids that are ineligible for Medi-Cal and Healthy Families coverage.

Since its inception, CTK has assisted to enroll over 34,200 children in Sacramento County into comprehensive health insurance programs such as Medi-Cal, Healthy Families, Kaiser Permanente's Child Health Plan, and Healthy Kids. CTK is ranked the 15th highest Enrollment Entity (of approximately 2,117) in the state of California, due to the number of children CTK enrolls into the Healthy Families Program. Since 2000 Sacramento County has increased enrollment into the Healthy Families Program by 303%. According to the 2007 California Health Interview Survey (CHIS) data released in January 2009, the number of uninsured children ages 0-18 has decreased to 16,000 in Sacramento County, a reduction of 10,000 children from the 2005 CHIS data.

CTK coordinates efforts with public agencies, community and faith based organizations and school partners through their Children's Health Insurance Coordinating Committee (CHICC) to increase children's access to healthcare, including early health and development screenings. CTK also supports increased efficiency of community, neighborhood, and direct service programs engaged in outreach, enrollment and retention efforts by reducing duplication, gaps and disparities in health insurance enrollment assistance services. Intensive follow-up services are provided to ensure retention in the programs and education to families about the importance of utilization, such as preventative well-baby and well-child exams and immunizations. No other program in the county coordinates such an extensive and comprehensive Outreach, Enrollment, Retention and Utilization (OERU) campaign.

The agreement with the County of Sacramento, Department of Human Assistance (DHA) establishes a working arrangement in which CTK employees work in collaboration with DHA in processing referrals for the CTK program that may have eligibility to Medi-Cal, or who may have lost eligibility to Medi-Cal services and have potential eligibility to the CTK program. In this process, an outstationed County Eligibility Specialist, Spanish Language, Latino Culture will process Medi-Cal applications referred by CTK and make referrals to other potential sources of Medical coverage.
