

RESOLUTION NO. 2007-931

Adopted by the Sacramento City Council

December 18, 2007

PARKING CITATION PROCESSING SERVICES

BACKGROUND

- A. The City of Sacramento requires the services of a parking citation processing provider to facilitate the processing of parking tickets. The City of Inglewood, CA, the City's provider since 1994, has retired their mainframe used for processing parking tickets and has decided to contract out the processing portion.
- B. The City of Inglewood solicited Requests for Proposals (RFP) to evaluate the cost of contracting out parking citation processing services. The requirements of several public agencies, including the City of Sacramento, were included in the technical specifications. The City has an opportunity to obtain lower pricing for these services through volume purchasing.
- C. Staff recommends that the Mayor and City Council accept the competitive process utilized to determine the feasibility of contracting with Professional Accounts Management (PAM), LLC to provide a hosed computer system for processing parking citations, and accept the terms of an agreement with the City of Inglewood to manage and facilitate the processing.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

- Section 1. Approving the cooperative agreement between the City of Inglewood and Professional Accounts Management (PAM), LLC to process parking citations; and
- Section 2. The City Manager is hereby authorized to execute an agreement with the City of Inglewood for the management and processing of parking citations for a total amount not to exceed \$2,224,000 over a five year period, ending on January 6, 2013.

Adopted by the City of Sacramento City Council on December 18, 2007 by the following vote:
