

## **RESOLUTION NO. 2016-0397**

Adopted by the Sacramento City Council

November 15, 2016

### **CONTRACT: REPLACEMENT OF FOUR PARKING ENFORCEMENT VEHICLES (TWO-THIRDS VOTE REQUIRED)**

#### **BACKGROUND**

- A. The Department of Public Works (DPW), Fleet Management Division, has a customer requirement to purchase four replacement parking enforcement vehicles for the DPW, Parking Services Division.
- B. The recommended purchase will be made from the DPW FY2016/17 operating budget (Fleet Fund, Fund 6501) and charged to the DPW multi-year operating project (MYOP) (I06150017, General Fund, Fund 1001) for replacement vehicles and equipment. A transfer of \$51,336 in the expenditure budget from the DPW operating budget (General Fund, Fund 1001) to the MYOP noted above, and an equivalent increase in the DPW expenditure and revenue budgets (Fleet Fund, Fund 6501) is required because the amount originally budgeted was based on prior purchases of gasoline vehicles and did not account for the increase in cost for the all-electric vehicles. Upon completion of these budget adjustments, sufficient funds will be available to make the recommended purchase.
- C. In accordance with City Code Section 3.56.230(C), the City Council may, by two-thirds vote, suspend competitive bidding for any purchase or contract in the best interests of the City.
- D. Suspending competitive bidding for the purchase of four replacement parking enforcement vehicles is in the best interests of the City because the vehicles to be purchased are zero emission vehicles. Parking Services selected the Interceptor Go-4 EV because it is specifically designed for parking enforcement operations in tight locations. The vehicles will be utilized in downtown Sacramento and are narrow enough to keep parking enforcement officers safely out of the lane of traffic during operations. Suspending competitive bidding is in the best interest of the City because Fleet Management staff has determined that Municipal Maintenance Equipment (MME) is the only authorized distributor of the recommended vehicle in California.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:**

- Section 1a. The City Manager or the City Manager's designee is authorized to decrease the expenditure budget in the DPW FY2016/17 operating budget (General Fund, Fund 1001) in the amount of \$51,336.
- Section 1b. The City Manager or the City Manager's designee is authorized to increase the expenditure budget in the DPW MYOP for replacement vehicles and equipment (I06150017, General Fund, Fund 1001) in the amount of \$51,336.
- Section 1c. The City Manager or the City Manager's designee is authorized to increase the expenditure and revenue budgets in the DPW FY2016/17 operating budget (Fleet Fund, Fund 6501) in the amount of \$51,336.
- Section 2. In the best interests of the City, competitive bidding is hereby suspended for the purchase of four replacement parking enforcement vehicles.
- Section 3. The City Manager or the City Manager's designee is authorized to execute a contract with MME in an amount not to exceed \$186,910 for the purchase specified above.

Adopted by the City of Sacramento City Council on November 15, 2016, by the following vote:

Ayes: Members Ashby, Carr, Guerra, Hansen, Harris, Schenirer and Warren

Noes: None

Abstain: None

Absent: Members Jennings and Mayor Johnson

Attest:
