**APPROVED**  
BY THE CITY COUNCIL

SEP 21 1982

OFFICE OF THE  
CITY CLERK

City Council  
Sacramento, California

Honorable Members in Session:

SUBJECT: Extension of Existing Contract for the Repair, Rebuilding  
and/or Replacement of Hydraulic Cylinders and Pumps

### SUMMARY

Since the Fleet Management Division has a continuing requirement for the repair, rebuilding and/or replacement of hydraulic cylinders and pumps, it is recommended that the City Council approve exercising the option of extending the current contract for this requirement through September 30, 1983.

### BACKGROUND INFORMATION

The contract for this requirement was awarded by the City Council from formal competitive bids received and contained a provision allowing a one (1) year extension at the same terms and conditions, if mutually agreeable to both parties. The contractor has performed in a satisfactory manner and an informal sampling confirms that the existing prices are as low or lower than any prices that would be available through any re-bidding process.

### FINANCIAL DATA

The estimated annual cost for this contract is \$80,000. Sufficient funds have been approved in the Fleet Management Division's current 1982/83 fiscal year budget.

### RECOMMENDATION

It is recommended that the City Council approve the extension of the existing contract for the repair, rebuilding and/or replacement of

City Council
