Description/Analysis

Issue Detail: In accordance with the Term Sheet, development of the Entertainment and Sports Center project is a public-private partnership between Sacramento Basketball Holdings, LLC (SBH) and the City of Sacramento. While SBH has the lead role for the design and development of the ESC, the City is a major investor and the eventual owner and as such also has an important stake in the design and development. The attached Predevelopment Process Agreement between the City and SBH describes the process for the development of the designs, plans, and specifications.

This agreement sets forth the City's role, rights and responsibilities during the predevelopment phase of the project. It also achieves the following objectives: 1) it establishes a collaborative and cooperative process between the City and SBH; 2) sets forth key milestones and a review process; 3) provides for City input and preliminary design approvals in accordance with the Quality Standard described in the Term Sheet. Examples of specific issues covered in the agreement include collaboration and coordination between the City and SBH, City participation in meetings, information sharing, City review of plans and work products, schedule, and mediation in the event of disagreements. This is a companion to the Predevelopment Expenses Reimbursement Agreement that was approved by City Council on September 24, 2013.

Policy Considerations: This agreement is consistent with the Term Sheet approved by Council on March 26, 2013. This agreement does not commit the City to any future action regarding the development of the proposed ESC.

Economic Impact: None at this time.

Environmental Considerations: This report involves a predevelopment process agreement between the City and SBH for the ESC project. The action in this report does not have any potential for significant effect on the environment and is exempt under CEQA Guidelines section 15061(b)(3). The future development and financing of a new ESC is subject to review pursuant to the California Environmental Quality Act (CEQA).

Sustainability: Not applicable.

Commission/Committee Action: Not applicable.

Rationale for Recommendation: The recommendation contained in this report implements and is consistent with the Term Sheet between the City and SBH, which was approved by Council on March 26, 2013.

Financial Considerations: This report does not impact the General Fund.

Emerging Small Business Development (ESBD): Not applicable.

SACRAMENTO ESC PREDEVELOPMENT PROCESS AGREEMENT

This Agreement, dated October 22, 2013, is between the City of Sacramento ("City") and Sacramento Basketball Holdings, LLC, a Delaware Limited Liability Company ("SBH"). City and SBH are also referred to as the "Parties."

BACKGROUND

SBH is the parent company of the Sacramento Kings, a National Basketball Association professional basketball team (the "Team").

The City Council approved a non-binding Term Sheet dated March 23, 2013 (the "Term Sheet"), setting forth the City's and SBH's desire to develop a proposed Entertainment and Sports Center ("ESC") on certain real property located in the City of Sacramento, California, as described therein. The Term Sheet sets forth the Parties' intentions regarding the ownership, financing, design, development, construction, occupancy, use, and operation of the ESC (the "ESC Project"), which will in part be used for the Team's home games, as well as the redevelopment of the area commonly known as the Downtown Plaza. Pursuant to the Term Sheet, the City proposes a contribution of \$258 million to the ESC Project, and SBH will otherwise be responsible for the costs of the development, construction, and operational components of the ESC Project.

The ESC is proposed to be located at Sacramento's Downtown Plaza, generally located between 5th and 7th Streets and J and L Streets.

To meet the construction schedule and other funding commitments associated with the ESC Project, the Parties enter into this Agreement to govern certain predevelopment activities for the ESC Project, including preliminary planning, site location, and development of the designs, plans, and specifications.

The Parties desire to allow SBH to efficiently maintain its lead role in the design and development of the ESC Project, while at the same time providing the City with a meaningful amount of involvement and oversight throughout the process in recognition of the City's ownership of the ESC and significant economic commitment. Towards that end, the City and SBH intend to (a) work together collaboratively and cooperatively to develop the ESC Project in a fiscally responsible manner, (b) set forth a reasonably detailed set of milestones and process for review at the various stages of completion of the ESC Project documents, and (c) at certain key document milestones (e.g., review of the construction documents), provide the City with the right to confirm that the ESC Project complies with the Quality Standard and ESC Preliminary Program (as such terms are defined below).

The Parties recognize that having the City involved throughout the process is essential to avoiding any delays in obtaining the approvals of the City agencies (including the Planning and Design Commission) and City Council that will be legally required for the ESC Project.

In connection with this Agreement, the Parties have entered into a Sacramento ESC Predevelopment Expenses Agreement dated September 24, 2013 ("Predevelopment Expenses Agreement"), which agreement provides a mechanism for reimbursing the City for its costs and expenses incurred with its predevelopment activities.

The Parties acknowledge this Agreement does not commit the City to approve the ESC Project. Any potential decision ultimately to approve the ESC Project is a legislative decision to be made by and at the sole and exclusive discretion of the City Council in compliance with all statutory prerequisites under California law, including the California Environmental Quality Act. By entering into this Agreement, the City does not limit, delegate, or assign any of its discretion to proceed with, or not proceed with, the ESC Project.

With these background facts in mind, the City and SBH agree as follows:

1. Collaborative and Cooperative Process

1.1 SBH Responsibilities. SBH shall be responsible for, and shall lead all phases of, the Predevelopment Activities, including design, land acquisition (except as set forth below), and development of the ESC Project, and all related infrastructure. SBH shall have the right to retain such consultants and professionals as SBH shall deem reasonably necessary in connection with its lead role in the development of the ESC Project. As SBH is responsible for timely delivering the ESC project and paying for cost overages, SBH shall make all final design and development decisions regarding the ESC Project, provided that the ESC Project adheres to the Quality Standard and the ESC Preliminary Program. SBH shall also be responsible for causing the City to be invited to all Meetings (defined below). In each review of City's comments as provided herein, SBH shall consider the City's input in good faith, but shall retain its right to lead all phases of the planning, design, land acquisition, development and construction of the ESC Project.

1.2 City Responsibilities. City shall be responsible for collaborating with and assisting SBH in all phases of the ESC Project and redevelopment of the portion of the Downtown Plaza surrounding the ESC Project, attending the Meetings and responding timely to SBH correspondence and requests for City input, including reasonably making available City staff and resources, all as necessary to achieve the ESC Project as set forth in the Term Sheet in the timeframes set forth therein and in updated project schedules developed by the Parties from time to time.

1.3 Intent. The Parties intend for the design and development of the ESC Project to be a cooperative, mutual endeavor in which the City and SBH actively participate and work together with due diligence and good faith to agree upon the conceptual, preliminary, and final designs for the ESC Project that are acceptable to the Parties, comply with the Quality Standard and ESC Preliminary Program and are within the Approved Budget and Schedule. City endeavors to expedite all matters before it in order to keep the ESC Project on schedule.

1.4 Information Sharing and Meetings.

(A) *Contact by City Representatives.* The Designated City Representatives shall have the right, from time to time, to contact directly the Designated SBH Representatives with regard to the design and development of the ESC Project for the limited purpose of reasonably requesting clarifications regarding the ESC Project.

(B) *Meeting Participation.* For purposes of participating in the predevelopment process and continuing to be involved and informed during the design of the ESC Project, both Parties will be given reasonable advance notice of and the opportunity to be present at all Meetings. Neither Party shall have any obligation to postpone or delay any meeting that the other Party, after receiving reasonable notice, is unable to attend.

(C) *Information Sharing.* The Parties shall collaborate, participate in joint meetings (including the Meetings), and share information so that both Parties are reasonably informed during the Term. Specifically, SBH shall share with City all documents required to be provided herein (including any documents to be discussed at any Meetings), together with all plans, drawings, budgets, schedules, analyses, studies, and design documents that have (or will have) a material impact on the design or development of the ESC Project, or are otherwise necessary for the City to be able to collaboratively participate in the process and provide the assistance, input, and comment required herein; provided nothing herein shall be deemed to

require SBH to share any materials that are protected by attorney-client privilege.

1.5 City Review of Plan Submittals; SBH Response.

- (A) *Generally.* Subject to SBH's authority set forth in Section 1.1 above, the City shall have the right to review and comment at each step of the ESC design process as set forth herein. The City shall also have the right to approve various items at points in the design process to the extent provided by contract or by existing law.
- (B) *Review and Response.* After the City's receipt of a Plan Submittal, the City shall provide SBH with written notice of any comments. The amount of time available for the City's review of each Plan Submittal shall be established in the Schedule and shall take into consideration the content and substance of each such Plan Submittal. As part of the review of the budget, the City shall have the right to confirm that the funds contributed by the City are being spent solely on the ESC Project. If the Plan Submittal is the (1) schematic design documents, (2) design development documents, (3) the plans and specifications, or (4) the GMP documents, the City shall also provide SBH with written notice of whether the City has reasonably determined that such documents comply with the Quality Standard and the ESC Preliminary Program. Any such notice shall detail the reasons for any such failure to comply. If the City fails to timely respond (absent an extension agreed upon by the Parties) to a Plan Submittal, the City shall be deemed to have approved such Plan Submittal.
- (C) *SBH Response.* SBH shall consider every City comment and incorporate into any future Plan Submittals those comments that SBH approves after reasonably considering such comments in good faith. If SBH receives written notice from City that the (1) schematic design documents, (2) the design development documents, (3) the plans and specifications or (4) the GMP documents, do not comply with either the Quality Standard or the ESC Preliminary Program, SBH shall cause the Architect to revise the documents to bring the same into compliance with the Quality Standard and the ESC Preliminary Program prior to its approving such Plan Submittals. Any dispute regarding Quality Standard or ESC Preliminary Program compliance will be mediated as set forth in Section 23 below.

1.6 City Input. Subject to SBH's authority set forth in Section 1.1 above, the City shall have direct input and will participate in assisting SBH with the development of a design for the ESC Project that achieves the best possible project within the Quality Standard, ESC Preliminary Program, and Preliminary Budget, as approved by the Parties herein. However, any City input, participation, or approvals related to any design review or budget under this Agreement shall in no way obligate it to pay for any cost overruns for the ESC Project.

2. Term

2.1 Commencement. This Agreement commences on the Effective Date, October 22, 2013.

2.2 Termination. This Agreement terminates on the earlier of:

(A) December 31, 2014; or

3. Location of ESC

3.1 Downtown Location. The Parties propose the ESC to be located between 5th and 7th Streets and J and L Streets.

3.2 Additional Real Estate. If the Parties mutually determine that additional real property beyond the location described in 3.1 above is needed to accommodate construction of the ESC Project in accordance with the Conceptual Design Documents, Schematic Design, or Final Design (as applicable); ESC Preliminary Program; the Quality Standard; or applicable law, SBH shall be responsible for the timely acquisition of that real property, at its sole cost and expense, in accordance with the Schedule. Such acquisition costs shall be included in or added to the Approved Budget.

3.3 Alternative Location. SBH may explore alternative locations for the ESC not at the location detailed in Section 3.1 that are within the downtown area of the City; provided, however, that SBH shall take into consideration operational and financial implications on the Schedule and the Outside Completion Date, and obtain the prior written approval of the City, as determined in its sole discretion, for any such alternative ESC location.

3.4 Discretion. City retains full discretion under the California Environmental Quality Act (CEQA), to select a full range of alternatives to the ESC Project, including selecting the alternative of no project, and nothing herein is intended or shall be deemed to waive such discretion.

4. Architect. SBH has selected AECOM as the Architect. SBH is responsible for securing the engagement with the Architect and is responsible for all Architect costs and expenses, whether incurred before or after the Effective Date.

5. Owner's Representatives. SBH has retained ICON, to provide owner's representative and related services for the ESC Project pursuant to that certain Owner's Representative and Project Management Agreement, dated as of June 1, 2013. The City has also retained Weston Sports and Entertainment, as the City's separate representative, which shall be an ESC Project expense.

6. Independent Engineer. City may request that SBH retain an outside engineer to conduct an independent check and/or peer review of the structural systems of the ESC, which shall be an ESC Project expense.

7. Initial Schedule. Within 14 days after the Effective Date, SBH shall prepare and the Parties shall meet to discuss and agree upon a detailed entitlements, design, and preliminary construction schedule for the ESC Project, which schedule shall be consistent with the key delivery dates for the design and construction the ESC Project included below:

All requests for proposals shall be consistent with the Final Design and the Approved Plans and Specifications (if then approved), and SBH shall not send out such requests for proposal or otherwise engage the Contractor unless and until receiving prior written approval from the City.

17.5 *SBH Responsible.* After the Parties agree upon a Contractor, SBH shall be responsible for contracting with the Contractor and SBH shall be responsible for all costs and expenses

payable to the Contractor in connection with the ESC Project. Depending on the construction method selected, the Contractor may be selected before or after the approval of Approved Plans and Specifications (e.g., before the approval of the Approved Plans and Specifications if the Parties agree to utilize a design-build or similar construction method and after the approval if the Parties agree to a design-bid-build or similar construction method). Without limiting SBH's responsibilities described in this Section, pursuant to the Term Sheet the City proposes a contribution of \$258 million to the ESC Project to fund ESC Project expenses, which contribution is subject to City's sole and absolute discretion to approve the ESC Project and entering into the Comprehensive Agreement and other agreements related thereto. 19. Insurance

19.1 Liability Insurance. SBH, at its sole expense, shall obtain and maintain (and require each of SBH's contractors and agents to obtain and maintain, including requiring Architect to maintain a project specific errors and omissions policy) public liability insurance beginning on the Effective Date and at all times during the Term of this Agreement, with limits of at least \$2,000,000 for one person and \$5,000,000 for one accident for personal injury to or death of any person or persons and \$500,000 property damages, protecting the City and SBH against any liability, damage, claim, or demand in any way arising out of or connected with the predevelopment and construction of the ESC.

19.2 Casualty Insurance. SBH, at its sole expense, shall obtain and maintain (and require each of SBH' contractors and agents to obtain and maintain) casualty insurance beginning on the Effective Date and at all times during the Term of this Agreement, insuring all buildings and structures comprising the ESC Project against loss or damage by fire, with extended coverage (if obtainable), to include direct loss by fire, windstorm, hail, explosion (other than boiler explosion), riot, civil commotion, aircraft, vehicles and smoke. Said insurance shall be in an amount sufficient to prevent co-insurance. In addition, SBH's insurance shall include full replacement cost coverage.

19.3 Additional Property Insurance. SBH shall cause the general contractor constructing the ESC Project to maintain additional property insurance written on the so-called "Builder's Risk Completed Value Non-Reporting Form" during any period in which any work is being performed at the ESC Project, with no coinsurance requirement, and containing a provision granting the insured permission to complete.

19.4 Excess Policies. SBH shall also maintain excess policies in amounts at least equal to any policies that it requires to be maintained by any of its contractors or agents consistent with Section 19.1.

19.5 Policy Requirements. All insurance policies of SBH required by this Section (including endorsements thereto) must:

(A) be issued by insurance companies authorized to do business in the State of California, and rated "AVI" or better by A.M. Best Company (or equivalent);

(B) name the City and, to the extent communicated by the City to SBH in writing, any other party reasonably required by the City, as "additional insureds";

(C) be in a form reasonably satisfactory to the City;

(D) be noncontributing with, and apply only as primary and not as excess to, any other insurance available to the City;

(E) contain a provision that the City and all additional insureds shall be entitled to recovery under the policy for any loss occasioned to the City by reason of the negligence of SBH or its respective agents, employees or representatives; and

(F) require the insurer to notify the City, in writing, not less than 30 days prior to any cancellation or termination thereof, to the extent the insurer agrees to provide such notices.

19.6 Certificates. SBH shall prior to execution of this Agreement and from time to time upon reasonable request by the City provide certificates of insurance evidencing that all insurance required hereunder is in place and fully paid for in advance. In the same manner, SBH shall also provide the City with general liability additional insured endorsements. The general liability additional insured endorsements must be signed by an authorized representative of the appropriate insurance company. If the policy includes a blanket additional insured endorsement or contractual additional insured coverage, the above signature requirement may be fulfilled by submitting that document with a signed declaration page referencing the blanket endorsement or policy form.

19.7 Premium Payments. SBH shall timely pay all premiums due for all insurance policies required hereunder and shall not do anything at the ESC Project that would impair or invalidate any material obligations of any insurer thereunder. If SBH fails to obtain and pay for any of the insurance policies required hereunder, and such failure continues for ten days after written notice thereof from the City, then, in addition to all other rights and remedies of the City, the City shall have the right, but not the obligation, to secure the appropriate insurance policies. Any amounts paid by the City in connection with obtaining such insurance shall be immediately due and payable from SBH, and SBH shall pay all such amounts to the City upon demand therefor.

20. Waiver of Subrogation. It is the intent of the Parties that the risk of loss or damage arising out of or relating to this Agreement should be borne by insurance to the extent of available coverage. Accordingly, SBH waives all rights against the City (and against the agents, employees, representatives and/or insurers of the City) for any loss or damage to any building, structure, or other tangible property, or any resulting loss of income, or losses under worker's compensation laws and benefits, even though such loss or damage might have been occasioned by the negligence of the City (its agents, employees and/or representatives). This waiver of rights shall only be applicable to the extent of insurance proceeds actually paid to SBH, and this waiver of rights shall in no way diminish the indemnity obligations of SBH as set forth herein. SBH shall give written notice of the terms of this waiver of rights to its insurers and shall have its insurance policies endorsed, if necessary, to prevent the invalidation of said insurance coverage by reason of this waiver of rights.

21. Indemnity. Except in the case of the City's sole negligence or willful misconduct, SBH agrees to fully and completely, without reservation or limitation, defend, indemnify, and hold the City and its officers, employees, agents, and contractors harmless, with counsel selected by the City, from any and all potential legal or monetary claims of any nature brought whatsoever by any third party against the City arising out of, or as a result of, SBH's actions arising out of this agreement, including its failure to comply with the terms of this agreement.

22. Defaults.

22.1 SBH Default.

(A) *Default.* SBH defaults if it fails to observe or perform any material obligation, condition, or covenant on its part to be performed or observed in accordance with this Agreement and such failure remains uncured for more than ten days after the City gives written notice of such failure (or a longer period reasonably necessary to effect a cure if a cure cannot be effected within the ten days using reasonable efforts).

(B) *City's Remedies.* Upon the occurrence of a SBH Default, the City is entitled to seek any rights and remedies available to it in law, or at equity including the right to seek monetary damages, seek specific performance, terminate this Agreement, and cure the default on behalf of SBH and bill SBH for all costs incurred by the City to effect such cure.

22.2 Default by the City.

(A) *Default.* City defaults if it fails to perform or observe any material obligation, or condition on its part to be performed or observed in accordance with this Agreement and such failure remains uncured for more than ten days after SBH gives written notice of such failure (or a longer period reasonably required to effect a cure if a cure cannot be effected within ten days using reasonable efforts).

(B) *SBH's Remedies.* Upon the occurrence of a City default, SBH is entitled to seek any rights and remedies available to it in law, or at equity including the right to seek monetary damages, seek specific performance, terminate this Agreement, and cure the default on behalf of City and bill City for all costs incurred by the SBH to effect such cure.

22.3 Remedies Cumulative. Except as expressly limited in this Article V, the remedies described herein are cumulative and are not intended to be exclusive of any other remedies to which the Parties may be entitled at law or in equity.
