City Council  
Sacramento, California

Honorable Members in Session:

**SUBJECT: RESOLUTION AUTHORIZING THE RESTRICTION OF TRAFFIC THROUGH TWO ALLEYS LOCATED IN COUNCIL DISTRICT 2 (RT02-06 & RT02-07)**

**LOCATION AND COUNCIL DISTRICT:**

The following alleys are located in Council District 2 (see attached Exhibit A & B):

1. The alley bounded by Opal Lane, Sonoma Avenue, El Rey Way and Belden Way (RT02-06, Exhibit A).
2. The alley bounded by Calvados Avenue, Arden Way, Oxford Street and Forrest Street (RT02-07, Exhibit B).

**RECOMMENDATION:**

This report recommends that the City Council adopt the attached resolutions approving the restriction of traffic through the subject alleys as shown in Exhibit A and Exhibit B.

**CONTACT PERSON:**

**Cesar Narvaez II, Engineering Technician, 264-7873**  
**Edward Williams, Senior Engineer, 264-5440**

**FOR COUNCIL MEETING:**

January 30, 2003

**SUMMARY:**

- Neighboring residents in Council District 2 requested that the City provide alley restrictions for vehicular and pedestrian traffic to combat crime-related problems through the subject alleys.
- Staff's recommendation is to install gates that would substantially alleviate the criminal activities through the subject alleys.
- California Vehicle Code Section 21102.1 and Sacramento City Code Chapter 12.40 authorize the restriction of traffic through alleys for the protection or preservation of the public peace, safety, health or welfare.

**COMMITTEE/COMMISSION ACTION:**

None.

**BACKGROUND INFORMATION:**

- The subject alleys currently have unrestricted access for vehicular and pedestrian traffic. Residents adjacent to the alleys have informed the Neighborhood Services Department that they are experiencing crime-related problems in the subject alleys. The Police Department has documented crime-related activities such as car burglaries, stolen vehicle, assault, reckless driving, illegal drugs, traffic stops and suspicious person stops in the area of the subject alleys. A majority of the residents are requesting that the City restrict the alley traffic to abate criminal activities that are occurring in the subject alleys.
- The installation of a gate that will connect fences on each side of the alley will restrict pedestrian and vehicular traffic through the subject alleys.
- Section 12.40.020 of the City Code authorizes the City Council to adopt a resolution authorizing the restriction of vehicular or pedestrian traffic through any alley(s) by means of gates, barriers, or other control devices, when the City Council finds that such restriction is necessary for the protection or preservation of the public peace, safety, health, or welfare.
- The Police Department, Fire Department and Public Works Department have approved and recommended the restriction of traffic through the subject alleys in order to abate criminal activity that is occurring in the alleys.

City Council  
Restriction of Traffic (RT02-06 & RT02-07)  
January 8, 2003

- The Fire Department has approved the installation of a gate security device and pursuant to City Code Section 12.40.050; signs notifying the public of the restriction of traffic will be installed at every entrance to the subject alleys prior to installation of the gate security device.
- Section 12.40.030 of the City Code states that any restriction of vehicular or pedestrian traffic authorized pursuant to Section 12.40.020 shall remain in effect for such period of time as specified in the City Council's resolution authorizing such restriction, or if no time period is specified, until the City Council finds that such restriction is no longer necessary for the protection or preservation of the public peace, safety, health, or welfare.

**FINANCIAL CONSIDERATIONS:**

The construction of gates and necessary warning signs on alleys with crime related-problems will be funded by Public Works, Development Services Division operating budget which was approved by City Council through the Fiscal Year 2002/03 Budget.

**ENVIRONMENTAL CONSIDERATIONS:**

The Planning and Building Department, Environmental Planning Services has reviewed these projects and has determined that the following restriction of access to the alleys is exempt from the provisions of the California Environmental Quality Act (CEQA) under Section 15301(f) of the CEQA Guidelines:

1. The alley bounded by Opal Lane, Sonoma Avenue, El Rey Way and Belden Way (RT02-06).
2. The alley bounded by Calvados Avenue, Arden Way, Oxford Street and Forrest Street (RT02-07).

These projects consist of the restriction of access to existing alleys by installing gates in the middle of the alleys. This restriction of access involves no expansion of use beyond what currently exists. Access to the alleys will be given to appropriate departments and agencies.

**POLICY CONSIDERATIONS:**

- The procedures under which the restriction of traffic is being initiated are set forth in the Vehicle Code Section 21102.1 and Sacramento City Code Chapter 12.40 allowing the restriction of traffic through an alley or alleys for the protection or preservation of the public peace, safety, health or welfare.

City Council  
Restriction of Traffic (RT02-06 & RT02-07)  
January 8, 2003

- The restriction of traffic through the alleys meets the guidelines set forth in City Council Resolution No. 96-176 that is to be considered for evaluating the merits of a proposed street or alley closure.
- The restriction of traffic through the alleys is consistent with the City's Strategic Plan in preserving and enhancing the City's neighborhoods and quality of life.

**ESBD CONSIDERATIONS:**

City Council adoption of the attached resolution is not affected by City policy related to ESBD.

Respectfully submitted,

Gary Little  
Area 4 Director

Gary Alm  
Manager, Development Services

**RECOMMENDATION APPROVED:**

ROBERT P. THOMAS  
City Manager

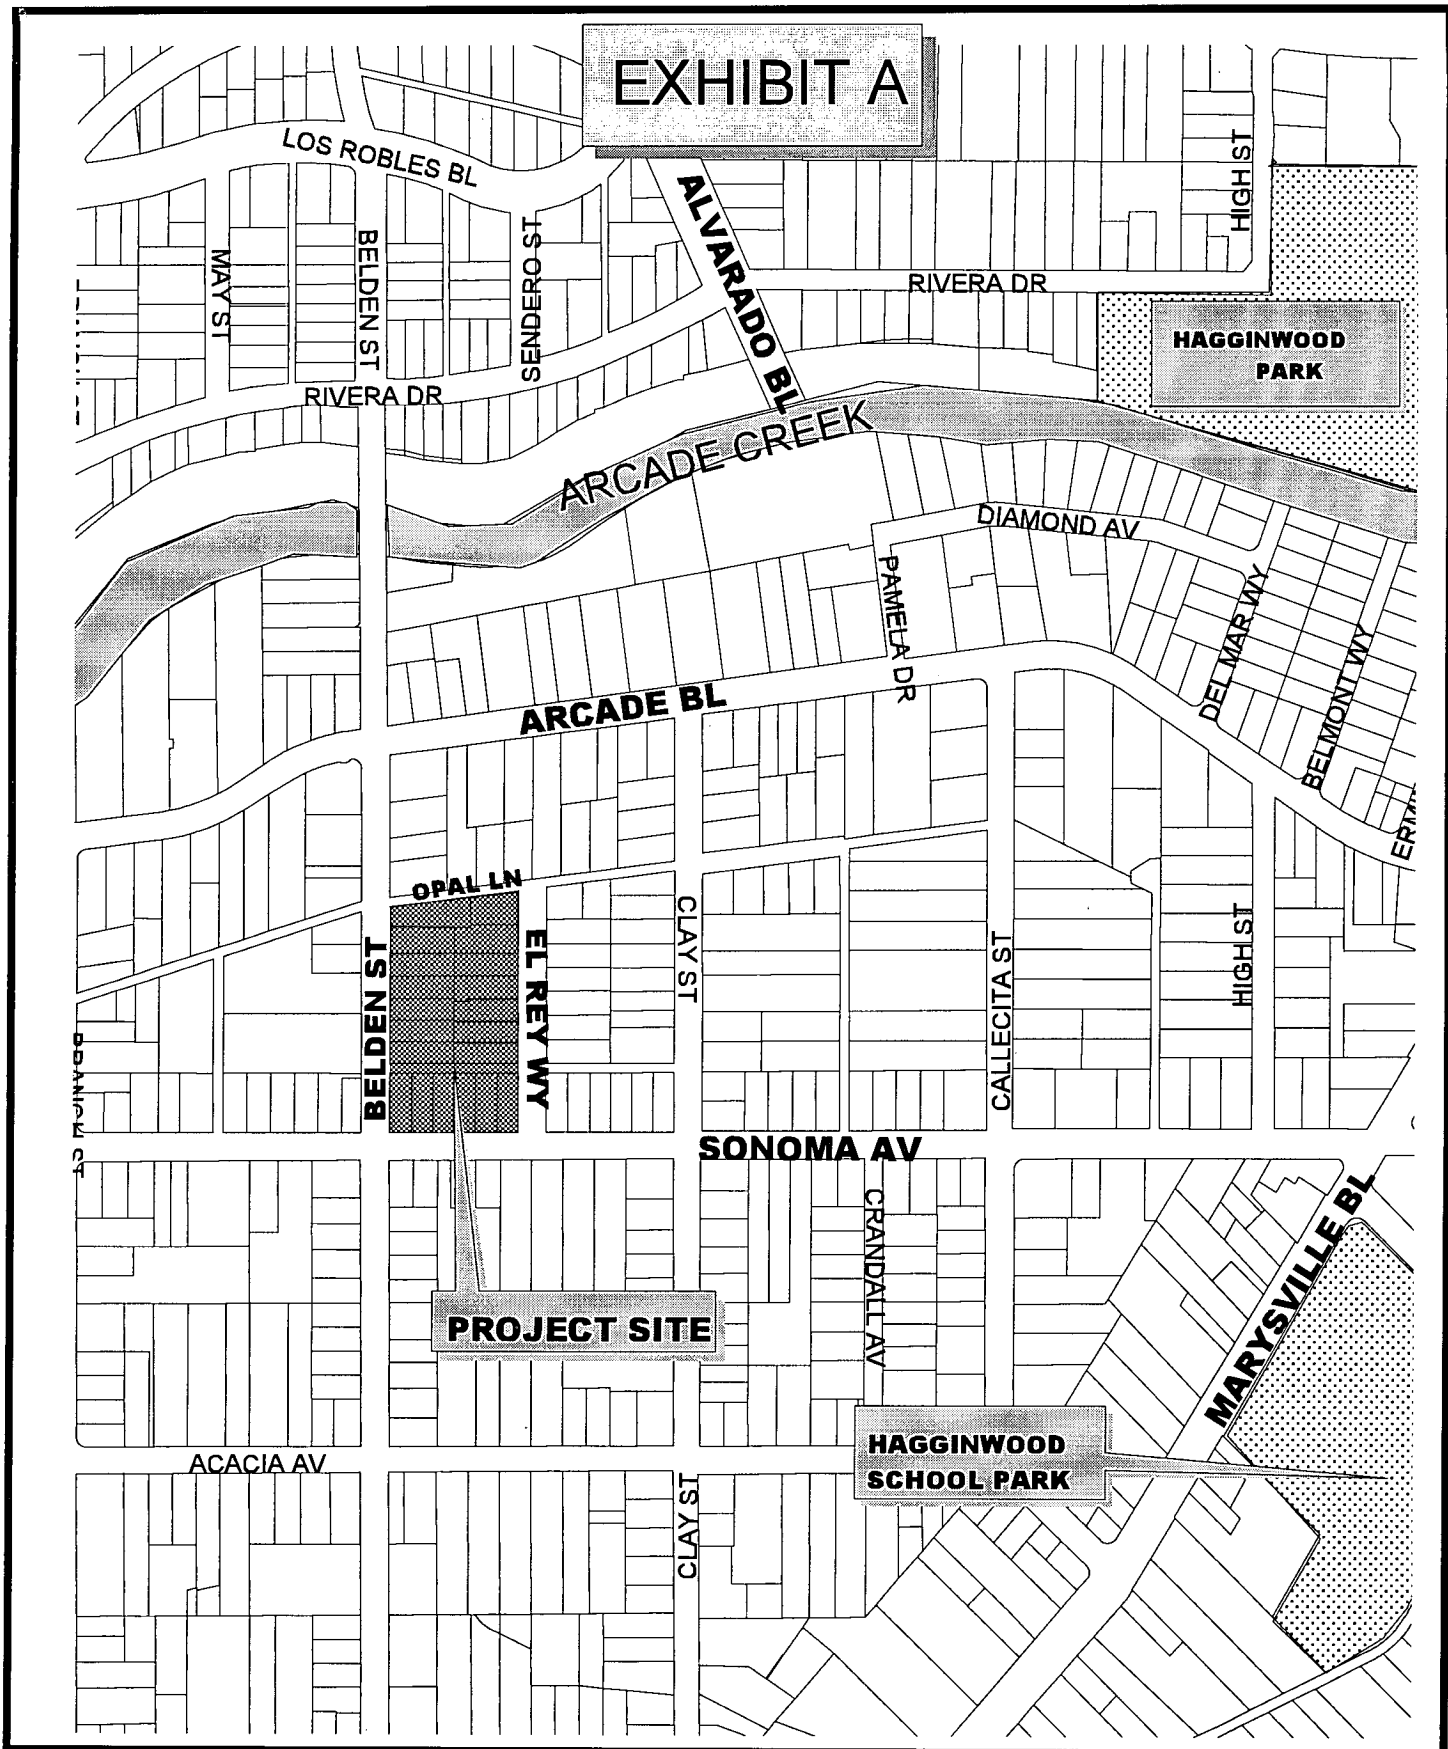

Michael Kashiwagi  
Director of Public Works

**APPROVED**

JAN 30 2003

OFFICE OF THE  
CITY CLERK

**RESOLUTION NO. 2003-033**

ADOPTED BY THE SACRAMENTO CITY COUNCIL

ON DATE OF \_\_\_\_\_

**RESOLUTION AUTHORIZING THE RESTRICTION OF TRAFFIC  
THROUGH THE ALLEY BOUNDED OPAL LANE, SONOMA  
AVENUE, EL REY WAY AND BELDEN WAY WITHIN  
COUNCIL DISTRICT 2.  
RESTRICTED TRAFFIC PROCEEDING NO. RTO2-06**

**BE IT RESOLVED BY THE COUNCIL OF THE CITY OF SACRAMENTO:**

1. In accordance with Section 21102.1 of the Vehicle Code of the State of California and with Chapter 12.40 of the Sacramento City Code, the City Council hereby considers approval of the restriction of traffic on the following subject alley located at:

Opal Lane, Sonoma Avenue, El Rey Way and Belden Way.

2. The City Council finds and declares that all the facts, as set forth in this resolution, and as stated in the staff report, are true and correct; and that by reason of these findings the subject alley shall have restriction of vehicle and pedestrian traffic.
3. The City Council finds and determines that such restriction of traffic by means of a gate is necessary for the protection or preservation of the public peace, safety, health or welfare. Duration of restriction is until the City Council finds that such restriction is no longer necessary for the protection or preservation of the public peace, safety, health, or welfare.
4. The City Council finds and determines that the restriction of traffic provides adequate access for the maintenance, operation, replacement, removal, or renewal of existing and functioning utilities, for delivery of freight by commercial vehicles, for the operation of emergency vehicles, and for the performance of municipal services in or accessible through said alleys.

RESOLUTION NO: \_\_\_\_\_

DATE ADOPTED: \_\_\_\_\_

5. The City Council approves the restriction of access to the subject alley with the following conditions:

- a. A gate security device approved by the Sacramento Fire Department shall be installed.
- b. Signs giving notice of such restrictions shall be installed at the entrances to the subject alley prior to the installation of the gate security device.
- c. The gate security device shall not be operated in a selective manner that restricts the access of some vehicles and/or pedestrians to the subject alley, while permitting other vehicles and pedestrians unrestricted access to the alley.
- d. In the event that the gate security device requires construction by a private entity for improvements in the public right-of-way, a revocable encroachment permit and an excavation permit must be obtained from the Public Works Department. The revocable encroachment permit is to be issued simultaneously with this resolution. The excavation permit, if required, may be issued subsequent to this Resolution, but must be obtained prior to the construction of improvements in the public right-of-way.
