Rationale for Recommendation: The current City Clerk job description is severely outdated and needs to be modernized to accurately reflect complexity and responsibilities expected of the City Clerk. The current educational and professional experience requirements in the description do not reflect the skills and knowledge now needed to be proficient in the City Clerk position.

Financial Considerations: None.

Emerging Small Business Development (ESBD): None.

Attachment 02 – Background

As part of ongoing efforts to keep current with modernization and best practices, the City Clerk's office is auditing and revising all job descriptions in the City Clerk position series. The existing descriptions have not been revised or updated in over 15 years. In that time not only has the municipal clerk profession significantly evolved, the current job descriptions are woefully out dated and need to be modernized to reflect the skills, experience, and education now needed to be successful in the position today. The City Clerk job description sets the tone for the rest of the positions in the series, and is required by Charter to be approved by the City Council. The P&PE committee is the logical place to vet and seek first approval of the proposed changes to the City Clerk job description prior to going on the City Council agenda for review. The City Clerk has the authority to revise and update the remaining positions in the City Clerk job series.
