UTILITY BILLING REPRESENTATIVE I

NATURE OF WORK:

Under close and continuous supervision receives training in and performs routine clerical and public contact work in the Utility Billing Division of the Finance Department.

DISTINGUISHING CHARACTERISTICS:

The Utility Billing Representative I classification is the first level in the Utility Billing Representative classification series and serves as the entry/training level.

Employees in this classification normally work under close and continuous supervision performing a group of repetitive or closely related utility billing duties according to established procedures. While a variety of tasks may be assigned, each step usually fits a pattern which has been established and explained before work is started. Generally work is observed and reviewed both during its performance and upon completion, and changes in procedure or exceptions to rules are explained in detail as they arise.

This classification is distinguished from other entry-level clerical classifications by the performance of clerical duties unique to the Utility Billing Division and is distinguished from the Utility Billing Representative II classification in that it is a trainee classification assigned to learn routine and repetitive clerical duties, while the Utility Billing Representative II performs increasingly responsible clerical duties requiring some initiative and independent judgment.

EXAMPLES OF DUTIES:

As a Utility Billing Representative I, learns how to:

Receive telephone and walk-in customers' utility requests and complete Utility Billing Change Forms in order to start, stop, change, or delete account transactions and utility services, computing and prorating charges from established schedules.

Read and respond by telephone or form letter to routine inquiries, referring inquiries that need detailed responses to a supervisor.

Retrieve data processing information concerning status or history of accounts by using microfiche, computer printouts, and other computer documents in order to respond to customers' inquiries and complaints.

Explain billing procedures and answer customers' complaints in accordance with established policy.

Maintain and file a variety of utility documents in alphabetical, chronological, or numerical order.

Refer requests for special garbage service or complaints about garbage service to Waste Removal Division.

EXAMPLES OF DUTIES: (Continued)

Submit requests for route reports to Waste Removal to verify service rendered, issuing credit to customer if approved by Waste Removal.

Submit requests for inspection reports to the Field Representatives to verify status of property.

Make up and send out handwritten bills to customers who either lost or never received their original bills.

Operate a variety of office equipment such as calculators, computer terminals, copy machines, mail stuffing machines, microfiche readers, microfilm readers, microfilmers, and telephones.

Process duplicate bills for checks received without bills.

Perform related duties as required.

DESIRABLE QUALIFICATIONS:

Any experience or training which will provide the necessary knowledges, abilities, and skills is desirable.

KNOWLEDGES, ABILITIES, AND SKILLS:

Knowledge of:

The basic elements of good English usage, spelling, filing, and arithmetic.

Ability to:

Read, write, speak, and understand the English language at a level necessary for efficient job performance.

Perform routine clerical work including arithmetical computations with speed and accuracy.

Understand and follow oral and written instructions.

Deal effectively and tactfully with the public by telephone or in person.

Maintain cooperative working relationships with co-workers and other City employees.

Learn assigned tasks readily and adhere to prescribed routines, office rules, methods, and policies.

Operate a variety of office equipment such as calculators, computer terminals, copy machines, mail stuffing machines, microfiche readers, and microfilm readers.

Skill in:

Communicating clearly and dealing with the public in an effective and tactful manner.

UTILITY BILLING REPRESENTATIVE II

NATURE OF WORK:

Under general supervision, performs routine clerical and public contact work in the Utility Billing Division of the Finance Department.

DISTINGUISHING CHARACTERISTICS:

The Utility Billing Representative II is the second level in the Utility Billing Representative classification series and serves as the journey-level.

Employees in this classification normally work under general supervision performing a wide variety of utility billing duties requiring a knowledge of departmental procedures and precedents, and the ability to choose among a limited number of alternatives in solving routine problems. Most assignments at this level are determined by the natural flow of work and are performed without specific instruction. Work methods are expected to follow standard practices except when unusual or difficult cases occur, when more specific instructions may be given. Employees in this class are guided in their tasks by manuals, office directives, and supervision. They function within these guidelines, utilizing independent judgment in routine assignments. Work is normally reviewed only for overall results.

This classification is distinguished from other journey-level clerical classifications by the performance of clerical duties unique to the Utility Billing Division. Utility Billing Representative II is distinguished from Utility Billing Representative I in that it performs at the journey level while the latter is an entry-level classification. This classification is distinguished from Utility Billing Representative III in that it does not perform as a supervisor nor does it have the latitude of decision-making assigned to the Utility Billing Representative III.

EXAMPLES OF DUTIES:

Receives telephone and walk-in customers' utility requests and completes Utility Billing Change Forms in order to start, stop, change, or delete account transactions and utility services, computing and prorating charges from established schedules.

Reads and responds by telephone or form letter to routine inquiries, referring inquiries that need detailed responses to a supervisor.

Retrieves data processing information concerning status or history of accounts by using microfiche, computer printouts, and other computer documents in order to respond to customers' inquiries and complaints.

Explains billing procedures and answers customers' complaints in accordance with established policy.

EXAMPLES OF DUTIES: (Continued)

Maintains and files a variety of utility documents in alphabetical, chronological, or numerical order.

Refers requests for special garbage service or complaints about garbage service to Waste Removal Division.

Submits requests for route reports to Waste Removal to verify service rendered, issuing credit to customer if approved by Waste Removal.

Refers non-routine problems and/or overly irate customers to a supervisor.

Submits requests for inspection reports to the Field Representatives to verify status of property.

Makes up and sends out handwritten bills to customers who either lost or never received their original bills.

Operates a variety of office equipment such as calculators, computer terminals, copy machines, microfiche readers, microfilm readers, microfilmers, and telephones.

Processes duplicate bills for checks received without bills.

Prepares refund claim forms for authorized person's signature.

Assists in training new employees to perform similar work.

Performs related duties as required.

DESIRABLE QUALIFICATIONS:

One year of experience as a career Utility Billing Representative I with the City of Sacramento.

OR

One year of recent experience which involved (1) performing financial, statistical, or other arithmetical record-keeping duties and (2) frequently providing financial, credit, or account information to customers; or (3) performing utility billing duties with a governmental or public agency.

(Note: After the incumbent of a career Utility Billing Representative I position completes at least twelve (12) months training as a Utility Billing Representative I, and with the recommendation of the Department Head, the position may be reallocated to the Utility Billing Representative II classification in accordance with Civil Service Board Rules and Regulations.)

KNOWLEDGES, ABILITIES, AND SKILLS:

Knowledge of:

The elements of good English usage, spelling, filing, and arithmetic.  
Methods and procedures used in financial clerical work.  
Modern office methods, terminology, supplies, and equipment.

Ability to:

Read, write, speak, and understand the English language at a level necessary for efficient job performance.

KNOWLEDGES, ABILITIES, AND SKILLS: (Continued)

Ability to: (Continued)

Make arithmetical computations rapidly and accurately.  
Analyze situations accurately and adopt an effective course of action in accordance with established policies, regulations, and procedures.

Understand and follow written and oral instructions.

Deal effectively and tactfully with the public by telephone or in person.

Maintain cooperative working relationships with co-workers and other City employees.

Operate a variety of office equipment such as calculators, computer terminals, copy machines, microfiche readers, and microfilm readers.

Train others to perform similar work.

UTILITY BILLING REPRESENTATIVE III

NATURE OF WORK:

Under direction, supervises assigned staff and performs specialized clerical and public contact work in the Utility Billing Division of the Finance Department.

DISTINGUISHING CHARACTERISTICS:

This is the third level in the Utility Billing Representative classification series and serves as the working supervisor level responsible for one or more specialized utility billing functions such as: metered accounts, non-routine correspondence, perfected liens, refunds, school accounts, or training of all new employees.

Work performed by employees is not subject to detailed review, although errors may be of considerable consequence. Duties require interpretation of written documents, the independent development of information necessary to complete job assignments, the determination of work priorities, and the exercise of initiative, all within general policies and procedures.

This classification is distinguished from other senior level clerical classifications by the performance of supervisory and clerical duties unique to the Utility Billing Division.

Utility Billing Representative III is distinguished from Utility Billing Representative II in that it is a working supervisor class with responsibility for one or more specialized clerical functions within the Utility Billing Division, while the Utility Billing Representative II is not supervisory and performs routine utility billing work within a well-defined framework of policies and procedures.

EXAMPLES OF DUTIES:

Develops and conducts training of staff and new employees, monitoring telephone calls, and reviewing error listings and computer input documents as part of training program.

Approves or denies claims for refunds up to \$100 after reviewing account and adjusting credits.

Processes and maintains perfected lien document records.

Processes and maintains records for metered accounts and school accounts.

Sets up new accounts from a review of City building permits.

Sets up and maintains vacancy account records.

Composes explanatory correspondence in order to respond to non-routine written or verbal customer inquiries.

Takes over dealings with irate and/or problem customers at the counter or on the telephone when subordinates feel they can no longer handle the situation or the customer has demanded to speak with the supervisor.

Participates in work performed by Utility Billing ~~Staff~~ <sup>Staff</sup> as necessary to maintain an even work flow.

Performs related duties as required.

DESIRABLE QUALIFICATIONS:

Experience:

Two years of experience as a career Utility Billing Division employee at the level of Utility Billing Representative II or similar or related classification which provides the required knowledges, abilities, and skills.

OR

Three years of recent experience which involved (1) performing financial, statistical, or other arithmetical record-keeping duties and (2) frequently providing financial, credit, or account information to customers; or (3) performing utility billing duties with a governmental or public agency.

KNOWLEDGES, ABILITIES, AND SKILLS:

Knowledge of:

Modern office organization, procedures, supplies and equipment.

First line supervision techniques and training.

Modern business correspondence and record-keeping systems.

Correct business English usage, spelling, grammar, punctuation, and terminology.

Utility billing and collection procedures.

Ability to:

Read, write, speak, and understand the English language at a level necessary for efficient job performance.
