REMARKS: Urgent For your review Reply ASAP Original(s) to follow

Bill. You contacted us regarding two items at Twin Palms. The following are clarifications/answers to your questions.

- 1) The MST30 strap called out at the garages was a typographical error on our plans (Sheet S2) and should have been an MTS30 strap.
- 2) Only one continuous strap at detail 18/SD is required. If the strap is applied on the top of the floor framing, 2x flat blocking may be used for strap nailing.

I hope this helps continue construction. Please call if additional questions arise. **ERIC**
