Attachment 01 – Description/Analysis

Issue: After conducting interviews for open board and commission seats, the Personnel & Public Employees Committee reviews applications and forwards nominations to the Mayor for appointment.

Policy Considerations: None

Economic Impacts: None

Environmental Considerations: None

Sustainability: None

Commission/Committee Action: None

Rationale for Recommendation: The Personnel & Public Employees Committee conducts interviews for available positions on City advisory boards and commissions to identify the most qualified candidate(s). Subsequent to conducting interviews, the Committee reviews applications and forwards nominations to the Mayor for appointment. As interviews have been conducted, the recommendation is to 1) review and discuss applications and 2) pass a motion to nominate, and forward to the Mayor for appointment, one nominee to category C on the Planning and Design Commission.

Financial Considerations: None

Emerging Small Business Development (ESBD): None

Attachment 02 – Background & Interview Summaries

Planning and Design Commission (Nominations)

BACKGROUND: Interviews for two vacancies were conducted at the Personnel & Public Employees Committee meeting held on June 24, 2014. One nomination was made, and there are seven candidates applying to fill the second vacant seat in Category C (city residents nominated by the Personnel & Public Employees Committee, who shall have the following qualifications: demonstrated interest in urban design, landscape or architectural design, or physical development of the city; and shall be qualified by training or professional experience and demonstrated leadership in any of the following categories: a licensed landscape architect, a contractor or a licensed engineer) on the Planning and Design Commission.

VACANCY INFORMATION

Category Description	Term	Residency	Incumbent
Category C – City Resident nominated by the Personnel & Public Employees Committee, who shall have the following qualifications: demonstrated interest in urban design, landscape or architectural design, or physical development of the city; and shall be qualified by training or professional experience and demonstrated leadership in any of the following categories: a licensed architect; a licensed LEED (or equivalent) architect; a licensed landscape architect; a contractor or a licensed engineer	Full	Required	Philip Harvey (applied)

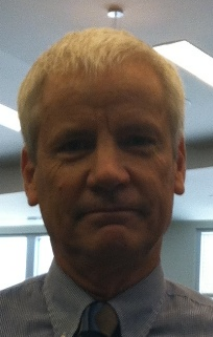

INCUMBENT INFORMATION

Philip Harvey is the incumbent for category C. He was appointed to a full term on 06/26/2012. He is eligible for re-appointment and has applied. The following is a brief history of compliance for requirements of his position on the commission.

Requirement	Status	Comments
Ethics Training:	Current	90 days late
Conflict of Interest:	Current	No late filings
Attendance:	14 meetings held	0 excused, 0 unexcused

Board/Commission Information

Meeting Body Applying For: Planning and Design Commission

Category # and Description
(please indicate all categories qualified for)

C City Resident

Name of Company/Organization being Represented (if applicable):

If Company/Organization Authorization Letter is required, email to clerk@cityofsacramento.org

Applicant Information

Full Name (Last, First, Middle): Forester-Burnitt, Amanda G

E-Mail Address:

Home Address:

City, State, Zip: Sacramento, CA 95833

Mailing Address (if different):

City, State, Zip:

Residential Council District: District 3 Business Council District (if applicable):

Primary Contact Number: Mobile

Secondary Contact Number: Work

Are you currently, or have you in the past, served on a City Board or Commission? Yes No

If Yes, provide the name of the meeting body and how that service supports your application:

Do you, or any immediate family member, have any relationship (professional, financial or otherwise) that may present a potential conflict of interest for meeting body applied for? Yes No

If Yes, please explain:

Please state the reason(s) you would like to be a member of this board/commission.

I have just moved to Sacramento in the last year, and I want to be involved in my local district. I currently work as an engineer for a company here in Sacramento. I also have LEED training from USGBC and work in the energy saving field. I feel like this would be a good fit for me and a way to help me be involved in my local community development more.

Also, I have a large experience in Energy saving measures and building designs and retrofits with regards to energy. I would like to use that experience to improve Sacramento and create a cleaner, safer environment for my kids to grow up in.

If Yes, please explain:

Applicant Interest Statement - Please state the reason(s) you would like to be a member of this board/ commission.

I've been a resident of the City of Sacramento since 2003. I grew up an hour north of the City in the small town of Live Oak in Sutter County. Trips to Sacramento were always something special to me. I have loved this City and all it has to offer for as long as I can remember. When my wife and I were mapping out our lives together in 2003, our mutual love and appreciation for Sacramento made the decision to call this home over other possible California locations a very easy one to make.

I am seeking opportunities to be of greater service to our City. I see a position on the Planning Commission as an ideal opportunity for me to do so. My professional experience is built upon a foundation of work on a variety of civil and infrastructure projects and programs in the Northern Sacramento Valley. I have an

understanding of the development process developed from the ground up: working in the trenches as a cad designer, in the field as the party chief of a land survey crew, in the office as a civil designer, and as a project manager leading multi-disciplinary design teams of architects and engineers. I've had the opportunity to work on commercial building projects, residential development projects, infill projects, and roadway and public works projects. I have prepared design review applications, pulled building permits, prepared improvement plans, submitted tentative maps and subdivision maps, and drawn up lot line adjustments.

I respect and appreciate the importance and roles and responsibilities of the stakeholders on all sides of the project development process. There cannot be good projects that provide benefits to our community without the investors and developers willing to take the financial risk to sponsor them, nor can their be high quality development without the City staff and commissioners that interpret and condition projects to comply with the codes and development standards necessary to maintain and enhance the character of our neighborhoods and business districts. I am a consensus builder and always look for the opportunity to strike a balance that provides maximum value and benefit for all sides. I've worked to educate project sponsors and developers about local codes and development standards just as I've requested reasonable deviations from engineering standards when it would allow a project to go forward that otherwise could not do so.

This is an exciting time for the City of Sacramento. As the economy continues to recover and as we prepare to see the beginning of a transformation of Downtown with the construction of the Entertainment & Sports Complex, it will require the City to consider many interesting and challenging projects all around the neighborhoods and districts within the City. I hope you will consider my application so I can be of greater service to the City and have the opportunity to work with the other Planning Commissioners and City staff to vet, review, and make recommendations to the City Council about about upcoming project applications. The future of Sacramento is bright and I hope to be able to play a part in helping to plan for its exciting future.

Thank you for your consideration.

As a licensed, local architect and vice-president of an East Sacramento neighborhood association, I have experienced the challenges of working with the Planning and Design Commission on both major and minor projects from different perspectives. I hope to bring my understand for that process to this position in an effort to help Sacramento continue to grow in a manner which reflects the smart-growth principles of the General Plan while respecting the input from all of our residents and the development community.

Do you, or any immediate family member, have any relationship (professional, financial or otherwise) that may present a potential conflict of interest for meeting body applied for? Yes No

If Yes, please explain:

Please state the reason(s) you would like to be a member of this board/commission.

My ultimate goal is to help promote sustainable community development, smart land use decisions, including location efficiency and maximizing opportunity development sites, as well as assisting with advocating for the mission and goals of the City of Sacramento. My educational background is in urban and regional planning, with an emphasis on community development. I have a diverse work history in the public, private and non-profit sectors, particularly in land use and economics. Most recently, I work for the State of California, Department of Transportation as a Transportation Planner, as well as an independent land use consultant. I would like the opportunity to continue to make Sacramento a strong community, with an emphasis on context sensitive solutions. As a young professional who was raised in Sacramento, I offer a fresh prospective and interest in long range planning and hope to contribute to the success of the

Planning & Design Commission member 2012 to Present (see attached)

Do you, or any immediate family member, have any relationship (professional, financial or otherwise) that may present a potential conflict of interest for meeting body applied for? Yes No

If Yes, please explain:

Applicant Interest Statement - Please state the reason(s) you would like to be a member of this board/ commission.

My reasons for applying to reappoint to the City of Sacramento Planning and Design Commission can be summed up in the following statements:

- I have demonstrated experience as a Planning Commissioner and Planning & Design Commissioner to the City of Sacramento for a combined 12 years along with other experience on advisory committees and boards for the City.
- I have worked on developing policy for the City of Sacramento and have effectively discharged the duties of a Commissioner including project review, working with staff, and implementing the ordinances, policies,

and directives of the City.

- I have demonstrated project leadership in the design and development of projects in our city that have enhanced the urban environment and quality of life for all of the residents of Sacramento.
- I have worked with my fellow Commissioners, city staff, citizens and stakeholders to develop consensus on projects and policies to help move our city forward to be the most livable city possible for all.

As a citizen of Sacramento I have been a resident and an architect living and working in the city for over 34 years. During that time I have lived in many parts of Sacramento and I have worked on many important planning and architecture projects that have helped define our community. I have also served the City of Sacramento in capacities as a board and commission member for over 20 years, which include over 6 years on the Board of Directors of Sacramento Heritage, Inc., 12 years as a Commissioner on the City Planning Commission, and the last 2 years as a Commissioner on the City Planning & Design Commission for which I was Chair for 2012 - 2013. I have found my service to the City and the citizens of Sacramento to be rewarding both personally and professionally. As a member of the Planning & Design Commission I have brought and will continue to bring experience, knowledge, and leadership that help to make the Planning & Design Commission a success.

My involvement in service to this community as a Planning Commissioner and my affiliations on public agency boards and committees has greatly impacted both my personal and professional growth. Those opportunities have included many rewarding experiences with citizens, neighborhood groups, City staff, and City officials. Through my years of public service I have found many valuable friends and associates who have enhanced my life. My service to Sacramento has provided me with opportunities to return some of the value to my community that the City of Sacramento has provided to me throughout my life. Through my work in public service I have been able to give back to Sacramento the knowledge, experience, and leadership skills I have gained as a public servant. Reappointment to the Planning & Design Commission will enable me to continue in my own personal dedication to my community.

Our city is facing challenging times with great complexities but we are also presented with great opportunities. With the formation of the Planning & Design Commission two years ago the City Council took an important and positive step to streamline the development process in Sacramento. I believe that, as evidenced by the work of the Planning & Design Commission during the past two years, this streamlining has been done without compromising the quality of the planning, urban design, and architectural projects that make up the urban form of Sacramento. As do all of my fellow Commissioners I take very seriously the duties entrusted to us to implement the policies and ordinances of the City of Sacramento and make sure we are implementing the goals and policies of the City's General Plan and Planning and Development Code. My direct involvement as a Commissioner has included important policy development including work on the Advisory Committee for the new Planning and Development Code adopted and implemented in 2013 and on the Advisory Committee for the Inclusionary Housing Ordinance Update currently underway. I have provided positive input and been able to work with my fellow Commissioners to provide leadership on the review and approval of important projects that will shape Sacramento for decades including the Downtown Entertainment and Sports Complex, the Creamery Project, and McKinley Village which will both add significant commercial, entertainment, sporting, and housing opportunities to our urban core. As a Commissioner I believe that I have been able to make positive and constructive input and have helped to develop consensus with neighborhood groups, the development community, City staff, and my fellow Commissioners. My active involvement on the Planning & Design Commission has helped the Commission to become an effective legislative body that will enable the City of Sacramento to take advantage of the opportunities that will let us develop Sacramento as the most livable and sustainable city possible.

In addition to working with my fellow Commissioners and City staff I believe that the continuity of knowledge and leadership that I have been able to provide to the Commission has been an important component to the success of the Planning & Design Commission over the past two years. With proven project review, policy development and review, and consensus building and decision-making abilities I believe I have made a positive contribution to the success of the Planning & Design Commission. If reappointed I will dedicate my continued involvement as a Commissioner to work with my fellow Commissioners to make the Planning & Design Commission a success for all of Sacramento. I was flattered that my fellow Commissioners recognized my abilities by unanimously voting for me as the first Chair of the

new Planning & Design Commission in July 2012 serving the 2012-2013 term.

In addition to my work as a public servant to the City of Sacramento my professional experience as a registered architect in California and an urban planner and designer give me have a strong desire to contribute to the development of the urban environment of Sacramento. Through reappointment I will continue to bring my professional experience to the Planning & Design Commission to forge a positive direction for the development of the City of Sacramento. I have throughout my professional career been involved in the master planning of development projects, land use policy, housing policy, urban planning projects, urban design projects, and architectural design of commercial, institutional, residential, and mixed-use projects. As a member of consultant teams comprised of architects, engineers, consultants, community members, and regulatory agency representatives I have worked effectively to move projects forward and develop consensus for successful project completion meeting the often complex and diverse goals of the participants and various stakeholders. I am dedicated to working with the citizens of Sacramento, the Community Development Department, the City Council, and my fellow Commissioners to face the challenges of the years ahead with effective leadership and my demonstrated ability to work with all of the diverse members of our community. I will implement the established policies of the City of Sacramento and the 2030 General Plan to develop the most sustainable and green city possible. I am proud to have been recognized for my leadership abilities by my fellow Planning Commissioners through my unanimous election as Chair of the Planning Commission for 2012 as well as the Chair of the new Planning & Design Commission in 2013. I will dedicate my experience and leadership abilities to provide the critical leadership necessary to work with my fellow Commissioner to move the Planning & Design Commission forward as an effective body working for all of Sacramento.

I would greatly appreciate the opportunity to continue my service to Sacramento on the new Planning & Design Commission. Letters of recommendation available upon request.

Additional Qualifications

Please provide any additional experience, community activities or other qualifications that would be helpful in evaluating your application.

- City of Sacramento Planning & Design Commission, 2012 to Present, Chair 2012/2013: I have served as a Planning & Design Commissioner for the last 2 years including chair of the Commission in the first year of new commission as in 2012/2013. My experience as a Commissioner is directly related to the position that is the subject of the application. As a Planning & Design Commissioner I have worked with individual citizens, neighborhood groups, City staff, and City officials to develop and implement planning policy, forge coalitions between diverse groups to bring to fruition better projects our community, and I have worked with many people to enhance the physical environment of our City and neighborhoods including important projects in our City including the Entertainment and Sports Complex, McKinley Village, and the Creamery Project. By seeking reappointment I believe I will be able to bring my continued experience to the Planning & Design Commission that will be critical to the ultimate success of the new Planning & Design Commission.
- City of Sacramento Inclusionary Housing Ordinance Update Advisory Committee: 2013 to Present: I am currently serving as on the Advisory Committee that is working with City Community Development Department staff, SHRA staff, and development, building industry, and affordable housing stakeholders for the update to the City of Sacramento Inclusionary Housing Ordinance.
- City of Sacramento Planning and Development Code Advisory Committee: 2012 to 2013: I served as a Planning Commission and Planning & Design Commission representative on the update of the City of Sacramento Zoning Code that has resulted in the City's new Planning and Development Code which took effect in September 2013. The Advisory Committee worked with City staff to develop the new code to implement the policies and guidelines of the City's far reaching 2030 General Plan.
- City of Sacramento Planning Commission, Chair 2012: I served as a Planning Commissioner on the City of Sacramento Planning Commission for over 12 years including my current term for which I was the 2012 Chair of the Planning Commission. My experience as a Commissioner and as the Chair of the Planning Commission is directly related to the position that is the subject of the application. As a Commissioner I worked with individual citizens, neighborhood groups, City staff, and City officials to develop and implement planning policy, forge coalitions between diverse groups to bring to fruition better projects our community, and I worked with many people to enhance the physical environment of our City. I also served on advisory bodies that helped to forge important policy documents for the City of Sacramento that have become parts of the City Code and Planning and Development Ordinance that we use today including the Single-Family and Multi-Family Housing Design Guidelines used citywide.
- Sacramento Heritage, Inc. Board of Directors: As a member and Chair of the Board of Directors of Sacramento Heritage, Inc. I worked with the Sacramento Housing and Redevelopment Agency, City Planning Department, City Economic Development Department, and many citizens and neighborhood groups including the historic preservation community to implement the historic restoration of significant historic structures in Sacramento. My experience on Sacramento Heritage, Inc. is directly related to the new Planning & Design Commission providing me with architecture design review and knowledge in the planning, design, restoration, and the fundamental importance of historic structures in our urban environment.
- Historic Governors Mansion Foundation Board of Directors: As a current member of the Board of Directors of the Historic Governors Mansion Foundation I work to support this important California Historic State Park in Sacramento. The Foundation is dedicated to the preservation, enhancement, and continued operation of this important historic site in the Mansion Flats Neighborhood of downtown Sacramento which is the neighborhood in which I reside. My involvement on the Foundation Board of Directors includes Chair of the Building and Grounds Committee that works with the landscape, architectural design, preservation, and State Parks professionals who work tirelessly to maintain and promote this important and historical structure in our city. My position on this Foundation allows me to help connect the California State Parks system with the City of Sacramento and we work to further enhance the visibility of the Historic Governors Mansion to Sacramento. As we move forward in a new era in State Parks where local public support of such facilities will be important to maintaining such important icons to our history and culture, I see many opportunities to work with the City of Sacramento, citizens, neighborhood groups, and City officials to enhance the life experiences of our City and fold the unique history of Sacramento into our community.

• Art Selection Committee Member, Dixieanne Greenstreet Project: As a member of the Dixieanne Greenstreet Art Selection Committee: I worked with leaders in the community, with the District 2 Council Member and her staff, and with City officials and staff to enhance the first ever greenstreet to be constructed in Sacramento. This design review and art selection experience afforded me further opportunities to work to enhance our neighborhoods through art and sustainable design of public infrastructure. My experience on this project has provided me with the knowledge and understanding of how this unique infrastructure can help other areas of Sacramento. I have developed an understanding of what we can all accomplish working together to design and implement a “greener” future for our city.

• Land Park Amphitheater Restoration and Renovation Steering Committee: Working with the Council Member’s office, Land Park neighborhood residents, leaders of the Land Park Community Association, City and Sacramento City College staff, the historic preservation community, and members of the building trades unions the steering committee has been developing facility programming direction, master planning, and design for the restoration and renovation of the historic amphitheater in Land Park. The goal of this diverse and broad based group is to bring to Sacramento a modern outdoor performance facility that recognizes and enhances the historic amphitheater in Land Park. As we move forward on this project we will be seeking private funding and in-kind donations to construct the facility so that the amphitheater project will not tax limited City revenues. The new amphitheater as envisioned will even have the potential to provide additional revenues to maintain Land Park and enable the park to continue as an important jewel in Sacramento’s park system.
