 \_\_\_\_\_  
 Owner or Owner's Representative.

Plans must be submitted

1. The first part of the document is a header section containing the title and author information. This section is followed by a series of horizontal lines that separate the header from the main body of the text.

2. The main body of the document consists of several paragraphs of text. Each paragraph is separated by a horizontal line. The text appears to be a formal report or document, possibly related to a technical or scientific field.

3. The text is organized into a structured format, with clear sections and subsections. The use of horizontal lines helps to distinguish between different parts of the document, making it easier to read and navigate.

4. The overall layout is clean and professional, with a focus on clarity and readability. The consistent use of horizontal lines as section dividers is a key feature of the document's design.

5. The document concludes with a final paragraph and a signature line, indicating the end of the report or document. The signature line is followed by a horizontal line, which serves as a visual separator from the rest of the page.
