### MINUTES:

Mike Medema, Revenue Officer, was present to discuss this matter. He explained that at the March 31st meeting he was advised to iron out some of the problems with this proposed ordinance and report back to the Committee.

Mr. Medema explained that it is the intent of the City to keep bingo operating as a charitable fundraiser. He stated that he will, within 120 days, meet with the County to work toward joint regulations with the County and City. He said that without agreement on joint recommendations by the City and County, he would have to come back to the Committee with one of three choices:

1. The City will leave bingo as is, and most bingo games operated for charity will cease to exist.
2. Some type of percentage would be proposed for the City alone. This would be disadvantageous to the City bingo operators, since the County would not be so regulated.
3. Bingo in the City of Sacramento would be eliminated, which helps no one.

Mr. Medema explained that, in the past, attempts to work with the County regarding joint bingo regulations has been unsuccessful, but he feels it is important for staff to work toward such a resolution of this matter in order to keep bingo operating as a charitable fundraiser. He stated that a copy of the proposed ordinance has already been forwarded to the County staff for their review. He said today he would like the Committee to direct the City to work with the County, and to recommend the other regulatory provisions as per the proposed ordinance presented on March 31st.

2. CONTINUED FROM PREVIOUS PAGE.

At the Committee's request on March 31st, Mr. Medema explained the use of pull tabs at bingo games, and said that the revenue from pull tabs has dropped since they were first introduced, but that they are still the most profitable source of money for bingo operators. It was noted that pull tabs are very similar to scratch-off lottery tickets.

Councilmember Lynn Robie stated that she would volunteer to work with the County and staff on this matter, and suggested that a representative of the bingo operators in the City also be included. Mr. Medema agreed, saying that he felt no solution could come about without bingo operator support.

Committeemember Shore moved and seconded the proposed ordinance relating to bingo, and it will go to full Council.
