FILING DATE	50 DAY CPC ACTION DATE	REPORT BY:	
NEGATIVE DEC. N/A	EIR	ASSESSOR'S PCL. NO.	631-710-42,031-111-13

APPLICATION: Request to initiate a rezoning from A, Agricultural and R-1, Single Family to R-2A, Garden Apartment zone in order to construct a 70 unit Senior Center Complex

LOCATION: North side of Rush River Dr., approx. 325' west of Desertwind Way

PROPOSAL: The applicant is initiating a rezoning of the property in order to construct a 70 unit residential complex for Senior Citizens

PROJECT INFORMATION:

Community Plan Designation:	Light Density Residential
Existing Zoning of Site:	A and R-1
Existing Land Use of Site:	Vacant
Surrounding Land Use and Zoning:	
North:	Vacant, R-1
South:	Vacant, A
East:	Vacant, R-1
West:	Vacant, A, R-1
Parking Required: 70	Parking Provided: 50
Ratio Required: 1:1	
Property Dimensions: Irregular.	Area: 4.4 acres
Density of Development:	16 units/acre
Significant Features of Site:	The western half of the property is located outside of the Assessment District
Topography: Flat	
Street Improvements:	One-half of site with curb, gutter and sidewalk
Existing Utilities:	Water & sewer available for the eastern half of the site

BACKGROUND INFORMATION:

On May 2, 1978, the City Council approved a Tentative Map for Parkway Oaks Unit No. 4 as shown on Exhibit A. At this time the eastern portion of the subject property was designated for a future church; however, the Greek Orthodox Church does not wish to use this site for a new church. The applicant is therefore proposing that this site, as well as a portion of the adjacent parcel to the west be used for a 70 unit Senior Citizen Housing Project. Since the subject property is surrounded by A, Agricultural, and R-1, Single Family zoning, the applicant is to obtain approval by the Planning Commission in order to submit an application for rezoning.

OVER

First the applicant's proposal to develop a 70 unit (density of 15.9 units/acre) elderly apartment complex is not consistent with the policies of the South Pocket Specific Plan. The Plan designates the site for Low Density Residential. The Plan encourages condominium and townhouse type developments along major and collector streets, however, it indicates a maximum density of 8 units/acre.

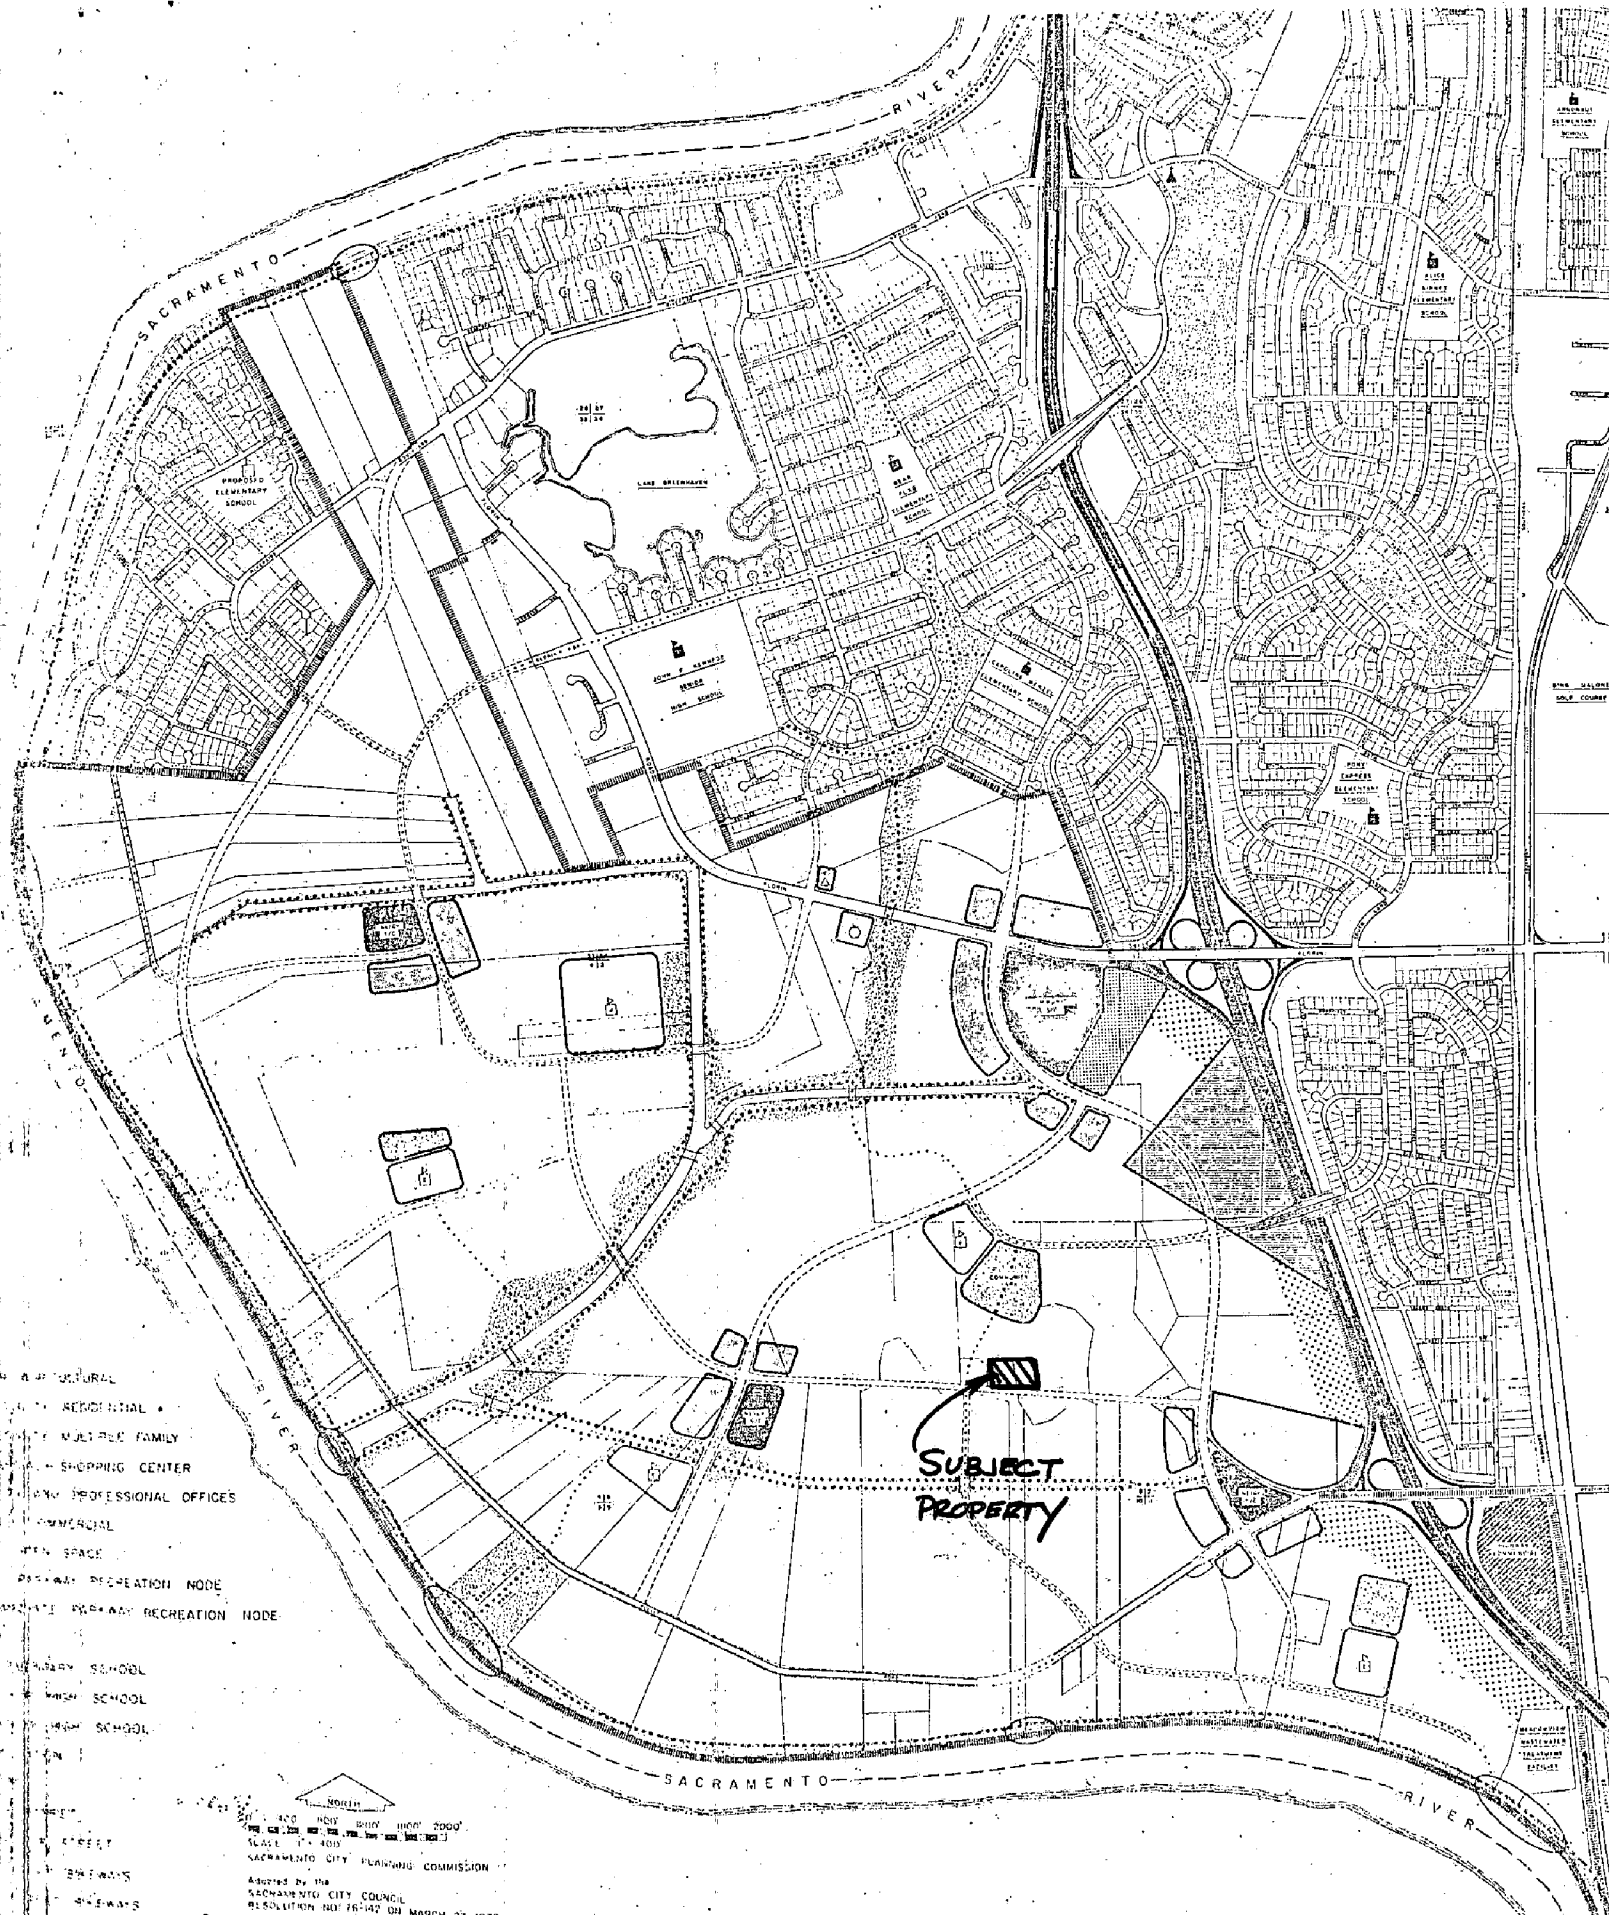

Also, the site is surrounded by R-1 Single Family zoned properties. As illustrated on Exhibit "A", it is likely that this development, if approved, will be completely surrounded by single family homes.

Second, the west portion of the site is not within an assessment district to provide municipal services. Exhibit "A" illustrates the boundary of the current assessment district for this area. In the past the City has not allowed the development of properties that were not included in an assessment district.

STAFF RECOMMENDATION:

The initiation to rezone the subject property from A and R-1 to R-2A be denied.
