SUBJECT: 1990 Community Development Block Grant (CDBG) and Tax
Increment Street Improvement Projects - Amendment of 1989/90
Capital Improvement Program and Fund Appropriation

SUMMARY

The Sacramento Housing and Redevelopment Agency has received CDBG funding approval for various street improvement projects within the City. It is recommended that the 1989/90 Capital Improvement Program be amended to include these projects and that funds be appropriated.

BACKGROUND

The City Council adopted Resolution No. 89-719 on September 12, 1989 approving the 1990 CDBG Priority Statement (See Attachment 1) for various projects within the City. The U.S. Department of Housing and Urban Development notified the City on January 17, 1990 that funding in a total amount of \$3,406,000 had been awarded to the City for the identified projects. Of that amount, \$852,815 is available for street improvement projects to be undertaken by the City. A Memorandum of Agreement was subsequently executed between the Agency and the City (See Attachment 2) to implement project design and construction of specific projects that are to be funded with CDBG and Tax Increment funds.

It is proposed that the 1989/90 Capital Improvement Program be amended and that funds be appropriated for the following projects:

1. East Del Paso Street Improvements 6A.
2. East Del Paso Heights Street Improvements 4C.
3. Altos Avenue Street Improvements - I-80 to Arcade Creek.
4. Noralto Street Improvements, Phase II.
5. South Parker Homes Street Lighting.

Further information regarding each project is contained in Attachment 2, Exhibit A.

Budget and Finance Committee
1990 Community Development Block Grant (CDBG)
and Tax Increment Street Improvement Projects
April 10, 1990
Page 2

FINANCIAL

No funds have currently been budgeted for the subject projects. Project funding will be provided by \$852,815 from CDBG (Fund 205) and \$672,185 from Sacramento Housing and Redevelopment Agency Tax Increment (Fund 206) fund sources as identified in the attached resolution and in Attachment 2, Exhibit A.

POLICY CONSIDERATIONS

Funding of street improvement projects from Tax Increment and CDBG funds is in accordance with existing City policy.

MBE/WBE EFFORTS

Not applicable.

RECOMMENDATION

It is recommended that the Budget and Finance Committee recommend approval of the attached resolution and forward it to the City Council for adoption.

Respectfully submitted,

Speranza Avram for

THOMAS M. FINLEY
Engineering Division Manager

**MEMORANDUM OF AGREEMENT AND INDIVIDUAL PROJECT
DESCRIPTION REGARDING PROVISION OF
COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) AND TAX INCREMENT
SERVICES WITH THE CITY OF SACRAMENTO
DEPARTMENT OF PUBLIC WORKS**

RECITALS

WHEREAS, the CITY OF SACRAMENTO (CITY) and the REDEVELOPMENT AGENCY OF THE CITY OF SACRAMENTO (AGENCY) entered into a Master Project Agreement on April 1, 1984; and

WHEREAS, the Master Project Agreement authorizes the City Manager and Agency Executive Director to enter into a Memorandum of Agreement for provision of City Services without further approval by the City Council or Agency governing boards on the condition that funds for such services have already been included in the Agency budget; and

WHEREAS, the 1990 Agency Budget includes Community Development Block Grant (CDBG) and Tax Increment funding for various capital improvement projects through the City Department of Public Works;

NOW, THEREFORE, the AGENCY and the City Department of Public Works agree as follows:

AGREEMENT

1. The City Department of Public Works hereby agrees to implement all projects indicated in Exhibit A to this Agreement in a timely fashion and within the specific authorized project budget. The Department of Public Works is responsible for design, bidding, construction, and inspection of the projects outlined in Exhibit A. Work on such projects may be initiated as soon as this memorandum is signed.

2. Project budgets listed in Exhibit A are not to exceed amounts for the specific service or project. Project descriptions specify whether the project is design or construction. Charges may include costs for in-house design, consulting contracts, and construction contracts but may not include those for indirect costs.

3. In recognition of the fact that CDBG and Tax Increment funds are limited, the City Department of Public Works shall be responsible for monitoring expenditures against project budgets to ensure the reasonableness of expenditures to project progress. Department of Public Works shall be responsible for notifying the Agency's CDBG and Redevelopment staff in advance of projected budget deficiencies related to unforeseen events or circumstances beyond the immediate control of the City (i.e., bid market conditions).

This agreement may be amended by the processing of the form attached herein as Exhibit B which includes reference to any adopted City Council resolution or other authorization approving such budget change.

4. Agency shall reimburse City on a monthly basis for actual, eligible costs incurred for projects authorized by this Memorandum of Agreement. City agrees to keep all necessary documentation of costs for a period of three years and to administer and assign such costs in accordance with Federal Office of Management and Budget Publications A-102 and A-87.

5. All construction activities funded with Community Development Block Grant (CDBG) and Tax Increment funds shall be undertaken through either City force account or competitive bidding practices. City shall be responsible, as lead agency, for ensuring that all applicable federal regulations are met in the bidding and contracting process, including but not limited to: Executive Order 11246, the Davis-Bacon Act, the Copeland Anti-Kickback Act, Contract work and Safety Act, and Minority and Women's Business Enterprises Requirements (Executive Order 12432, Executive Order 11625 and Executive Order 12138). Further, the City shall be responsible for monitoring the Greater Sacramento Area Plan (GSAP) to ensure full compliance with all Equal Employment Opportunity/Labor provisions.

6. The Department of Public Works will be responsible for submitting monthly status reports on the capital improvement projects funded by CDBG and Tax Increment. These reports will include a lead/contact person's name in case CDBG and Redevelopment staff needs information on a particular project. In addition to these reports, a timetable for project completion should be submitted to CDBG and Redevelopment staff for each project listed in Exhibit A. The Department of Public Works will be responsible for updating/amending these timetables as necessary.

7. This Agreement, or individual projects in Exhibit A, may be terminated or cancelled with City Council approval.

8. The Agreement does not supersede or disrupt projects initiated by the Agency using prior year CDBG and Tax Increment funds.

AGREED TO:

Walter J. Slipe
