# Memorandum

**To:** City of Sacramento Building Department  
**From:** Jeff P. Turk *Construction Manager - Winncrest Homes*  
**Date:** 5/12/2003  
**Re:** Grading and drainage at 5066 Westlake Parkway

---

Due to the recent weather conditions, we have been unable to touch up the rear yard grading. All downspouts and runoff are directed through drain lines installed below grade to direct the flow to the front of the home, but foot traffic on saturated soil has disrupted the functionality of the swales designed to take the topical water to the front of the house. We would like to request a 30 day extension on the final grading to allow for the occupancy of the home. All grading and drainage will be completed per City of Sacramento specifications as outlined on the approved plot plans within that time frame. Thank you for your assistance regarding this issue and working with us to provide our customers with a product of the highest quality and functionality.
