

RESOLUTION NO. 2019-0130

Adopted by the Sacramento City Council

April 23, 2019

Fiscal Year 2019 Funding Agreement Between the State of California Department of Water Resources and the City of Sacramento for the Operations and Maintenance Activities, Operation, Maintenance, Repair, Replacement and Rehabilitation Agreement (OMRR&R) Part of the Flood Maintenance Assistance Program Under Budget Act of 2018 (Stats. 2018, Ch. 29 Item 3860-001-0001)

BACKGROUND

- A. The current 2017 Central Valley Flood Protection Plan update recognized that the operation and maintenance of the State Plan of Flood Control facilities has been chronically underfunded. In response to this need, the Budget Act of 2018 (Stas. 2018, ch. 29, Item 3860-001-0001-), appropriated funding to the Department of Water Resources (DWR) for Operations, Maintenance, Repair, Rehabilitation, and Replacement costs. It is DWR's intent to work in collaboration with the Central Valley Flood Protection Board to allocate a portion of the funds to Local Maintaining Agencies (LMAs)
- B. In December 2018, DWR released a new program, the Flood Maintenance Assistance Grant Program (FMAP) providing state funds for eligible maintenance activities to LMAs, for the purpose of obtaining acceptable maintenance of the State Plan of Flood Control Facilities (levees, channels and structures). DWR has prepared Funding Agreement No. 2019-FMAP-NA5-01 between the City of Sacramento, Department of Utilities and the Department of Water Resources. The City will receive \$420,000 pursuant to the agreement.
- C. The City of Sacramento has identified that the completion of the System Wide Improvement Framework plan and the purchase of an excavator is eligible for funding under the Flood Maintenance Assistance Program and City staff is recommending approval of the Funding Agreement.
- D. Approval of the Funding Agreement with DWR will provide funding to address flooding issues and allow the City to receive \$420,000 in grant funding. The City will amend the revenue and expenditure budgets in the SAFCA Levee Maintenance MYOP (114120300) reimbursable fund (Fund 6211) in the amount of \$420,000. There are no match requirements.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:
