STAFF EVALUATION: Staff has the following comments regarding this proposal:

1. The subject site consists of two parcels totaling 1.2± acres in the Single Family (R-1) zone. A single family residence is located on each parcel. The applicant is requesting a lot line adjustment to expand the rear yard area of Parcel A (Exhibit A).
2. The proposal was reviewed by the City Real Estate and Building Divisions. There were no objections to the proposed lot line adjustment from these divisions. The following comments were received from Real Estate:
 - a. The applicant shall pay off any existing assessment or file the necessary segregation request and fees;
 - b. New deed descriptions for both parcels shall be provided;
 - c. The new lot lines shall be monumented.
3. Staff inspection of the subject site revealed that Parcel A is used for the storage of several large semi-trucks. The storage and repair of trucks is allowed only in the Heavy Commercial and Industrial (C-4, M-1, M-2) zones and not in the Single Family (R-1) zone. Staff suggests that this use be eliminated before the lot line adjustment between Parcels A and B be recorded.
