Budget and Finance Committee  
Sacramento, California

Honorable Members in Session:

SUBJECT: FY 1988/89 MAINTENANCE BENEFIT AREA FEES

SUMMARY

This report recommends that the Budget and Finance Committee recommend approval to the City Council the attached report regarding the fees to be charged during FY 1988/89 for the Old Sacramento Maintenance Benefit Area.

DISCUSSION

Annually, the City Council is required to determine the levy (for the additional maintenance services) for each property in each maintenance benefit area. Staff has calculated the levy for each property (Exhibit II of attached report) in the Old Sacramento Maintenance Benefit Area, as required by the City Code.

FINANCIAL ANALYSIS

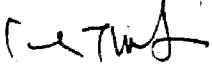

The fees levied are used to defray additional City and contractor expenses associated with the higher level maintenance service provided in each area. The proposed expenditures are fully fee supported.

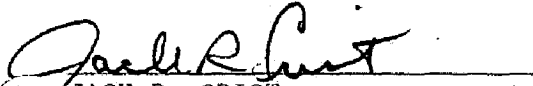

RECOMMENDATION

It is requested that the Budget and Finance Committee recommend approval to the City Council the attached report which recommends the fees to be charged during FY 1988/89 for the Old Sacramento Maintenance Benefit Area.

Respectfully submitted,

RECOMMENDATION APPROVED:

City Council  
Sacramento, California

Honorable Members in Session:

SUBJECT: FY 1988/89 MAINTENANCE BENEFIT AREA FEES

SUMMARY

The Budget and Finance Committee recommends that the City Council approve the fees to be charged to the property owners in the Old Sacramento Maintenance Benefit Area for FY 1988/89.

BACKGROUND

Pursuant to the provisions of City Code Chapter 55, the City Council established the Old Sacramento Maintenance Benefit Area. The purpose of the maintenance benefit areas is to provide a means for recovery of costs incurred by the City for providing additional maintenance services to public property in certain geographical areas. The additional services provided in the Old Sacramento Maintenance Benefit Area are beyond the City-wide maintenance services provided by the City.

Annually, the City Council is required to:

1. Determine the costs for the additional services provided;
2. Determine whether the costs of the additional services shall be borne wholly or partially by the property owners within the area; and
3. Fix a service fee to be charged to cover the costs to be borne by each property owner within the area.

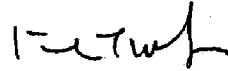

DISCUSSION

The costs for the additional service for FY 1988/89 for the Old Sacramento Maintenance Benefit Area are shown on Exhibit I. The costs were reviewed by the Old Sacramento Property Owners Council. Exhibit II details the fee to each property owner in the Area. The fees recommended represent a full recovery of the costs from the property owners.

RECOMMENDATION

It is recommended that the City Council adopt the attached resolution assessing the FY 1988/89 Old Sacramento Maintenance Benefit Area fees.

Respectfully submitted,

Michael L. Medema  
Revenue Manager
