Re: An Ordinance Adding Section 6.47 to Sacramento
City Code Relating to Transportation of Animals
in Unenclosed Vehicles

Honorable Members in Session:

SUMMARY

This report presents for Committee review an ordinance which would require animals transported on a public road in the unenclosed portion of a vehicle to be in a cage or cross-tethered in a manner preventing injury and escape.

BACKGROUND

The Sacramento County Board of Supervisors has asked the County Counsel to prepare an ordinance concerning transportation of animals in vehicles. On March 3, 1987, the Board continued its consideration of the ordinance to March 17, 1987. Committee Chairman Terry Kastanis requested that the City Attorney prepare an ordinance to mirror the County's proposal.

The attached ordinance contains the same provisions being considered by the County. Staff will monitor the County's actions and inform the Committee of any changes.

The ordinance prohibits transporting an animal on a public road unless the animal is within an enclosed vehicle, protected in a secured container, or securely cross-tethered to prevent injury to the animal. The ordinance also prohibits leaving an animal in an unattended vehicle under adverse conditions.
