3651, 3671, 3701, 3721 and 3741 Business Drive (P89-262, P89-261, P89-260, P89-259 and P89-258 respectively). These permits have now expired. Additional Special Permits to exceed the 25 percent office limitation were approved in 1990 for 3560, 3630 and 3460 Business Drive (P90-052, P90-053 and P90-054 respectively). Other Special Permits were approved in 1990 to exceed the 25 percent office space requirement at 3670, 3700 and 3800 Business Drive (P90-427, P90-428 and P90-429 respectively). In addition, a lot line adjustment was approved in 1990 to relocate the common property lines between three parcels in the park (P90-300).

PROJECT EVALUATION: Staff has the following comments:

A. Land Use and Zoning

The subject site is a 3.3± acre parcel with a total of five buildings in the Light Industrial (M-1) zone. The buildings total 42,588 square feet in area. The buildings are leased to a variety of users including a company that specializes in the sale of motorized wheel chairs, a medical supply distributor, a distributor of prison garments and a warehouse. Portions of some of the buildings are vacant. One vacant building (Building E) is 6,396± sq.ft. in area and is the subject of this entitlement. The General Plan designates the subject site Heavy Commercial or Warehouse. The surrounding land uses are industrial to the north and east and vacant to the south and west. The surrounding zoning and zoning of the site is Industrial (M-1).

B. Applicant's Proposal

The applicant is proposing to exceed the 25 percent maximum office space limit to 100 percent for the 6,396 square foot building (Building E). An engineering firm is slated to occupy the building.

C. Staff Analysis

Section 2 of the Sacramento City Zoning Ordinance gives the Planning Director authority to issue a Special Permit for new construction not exceeding 10,000 square feet and having up to 100 percent office use and additions of office space not exceeding 10,000 square feet. Staff supports the issuance of the Planning Director's Special Permit in that the proposed office space: has adequate parking (provides the 15 required spaces); is compatible with the existing adjacent land uses; and, will not negatively affect the other land uses in the area.

ENVIRONMENTAL DETERMINATION: The Environmental Services Manager has determined that the project, as proposed, will not have a significant impact to the environment; therefore, a Negative Declaration has been prepared. There are no specific mitigation measures identified for this project.

RECOMMENDATION: Staff recommends the Planning Director take the following action:
