**APPLICATION:** Lot Line Adjustment to adjust the common property line between three lots totaling 45.8+ acres in the Office Building - Planned Unit Development (OB-PUD) Zone

**LOCATION:** 2800 Gateway Oaks Drive

**PROPOSAL:** The applicant is requesting the necessary entitlements to adjust the common property lines between three lots in the Metropolitan Center Planned Unit Development.

**PROJECT INFORMATION:**

1988 General Plan Designation:	Regional Commercial
1988 South Natomas Community Plan Designation:	Office Park
Existing Zoning of Site:	OB-PUD
Existing Land Use of Site:	Vacant and office under construction

**Surrounding Land Use and Zoning:**

North:	Interstate 80; TC
South:	PG&E Office Building; OB-PUD
East:	Interstate 5; TC
West:	Vacant; R-2A (PUD)

Property Dimensions:	Irregular
Property Area:	45.8+ acres
Topography:	Flat
Street Improvements:	Existing
Utilities:	Existing

**BACKGROUND INFORMATION:**

The proposed lot line adjustment was originally submitted as a tentative parcel map to divide a 12+ acre lot into two lots of 6+ acres each. One lot which is under construction, the Northern Telecom building, previously approved by the Commission (P88-365). The remaining acreage is vacant and planned for office development. The applicant revised the proposal to a lot line adjustment to include 45.8+ acres and eliminate a triangular parcel and establish a landlocked parcel where Northern Telecom is located.

PROJECT EVALUATION: Staff has the following comments:A. Land Use and Zoning:

The subject site consists of three lots totaling 45.8 acres in the Metropolitan Center Planned Unit Development. Zoning is Office Building Planned Unit Development (OB-PUD) Zone. The 1988 South Natomas Community Plan designates the site for Office Park uses. Surrounding land uses include Interstates 5 and 80 to the east and north with vacant to the west and office uses to the south.

B. Project Description and Analysis:

The applicant proposes to merge a 3+ acre lot into the larger 31+ acre parcel and relocate the property line to establish two 6+ acre lots as shown on Exhibit A. The City Council approved the Community Plan Amendment for the 31+ acre parcel to go from Residential to Office Uses with adoption of the 1988 South Natomas Community Plan and Metro Center PUD Guideline and Schematic Plan (P88-007). Since the entire 45.8+ acres is designated for office development, staff supports the proposed adjustment.

As a concern over the parcel configuration, the proposed Lot 1 does not have frontage on a public street, a requirement of City Water and Sewer Division for water supply. Use of private water and sewer easements over another parcel is discouraged. Public Works Department has commented and provided the following conditions:

1. File a Certificate of Compliance, submit all required documents according to the submittal requirements checklist and pay necessary fees (\$500).
2. File a waiver of parcel map.
3. Pay off or segregate any existing assessments.
4. Place note on final lot line adjustment: "Sewer and water services to each lot shall be purchased and installed at time of obtaining building permits."
5. Coordinate with County Sanitation District - Lot 1 shall obtain private easements for water, sewer, drainage, and ingress and egress from Lot 2.

ENVIRONMENTAL DETERMINATION: This project is exempt from environmental review pursuant to State EIR Guidelines [CEQA, Section 15301(a)].

RECOMMENDATION: Staff recommends the Planning Commission approve the lot line adjustment by adopting the attached resolution.
