Manager, (916) 808-8788

Presenters: Not Applicable

Department: Finance

Division: Public Improvement Financing

Organization No: 06001321

Description/Analysis

Issue: The existing district is required by the PBID Area Law of 1994 to present an annual budget for City Council approval. Approval will authorize the City to collect assessments in the amount sufficient to provide funding for economic development, security services, maintenance services, and image enhancement within the Stockton Boulevard commercial corridor for FY2010/11.

Policy Considerations: The annual proceedings for this District are set forth in Sections 36600 to 36671 of the California Streets and Highways Code, entitled "Property and Business Improvement District Law of 1994." This action is consistent with the Strategic Planning Focus Area of Sustainability and Livability.

Environmental Considerations

California Environmental Quality Act (CEQA): Under the CEQA guidelines, annual proceedings of a Special District do not constitute a project, and are therefore exempt from review.

Sustainability Considerations: There are no sustainability considerations applicable to the formation process or administration of a special district.

Committee/Commission Action: None

Rationale for Recommendation: The actions in the recommended Resolution are required by the California Streets and Highways Code, which is codified as Part 7 (beginning with Section 36600) of Division 18.

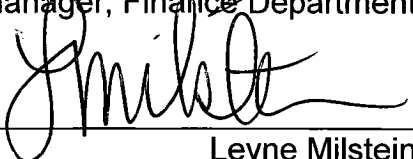

Financial Considerations: Financing will be provided by levy of assessments upon real property that benefits from improvements and activities. The District does not plan to issue bonds. The City of Sacramento participates as a property owner in the District. City-owned properties will have a total annual assessment of approximately \$3,919. Funding to pay for the City's portion of the assessment is included in the City Annual Budget.

The District assessment budget for FY2010/11 is \$269,374. In addition, there is available fund balance of \$57,962 for a total of \$327,336 (details on Exhibit B, page 8). The District will receive approximately \$322,689 for operations. The City will retain \$4,647 to cover City administrative costs.

The annual operating budget will be adjusted to reflect these Council approved assessments and expenditure plans.

Emerging Small Business Development (ESBD): City Council approval of these proceedings is not affected by City policy related to the ESBD Program.
