RECITALS:

- A. Attached hereto and incorporated herein by this reference is the Franklin Boulevard Property and Business Improvement District No. 2004-04 (hereafter "PBID") Management District Plan (hereafter "Plan"), which provides for a security and maintenance coordination effort and an advocacy program with the intent of increasing the commercial activity and overall image of Franklin Boulevard.
- B. The property owners of the properties within the PBID have submitted petitions asking that the City Council establish the PBID. Included with each petition was a Plan summary and a map showing the boundaries of the PBID. The map is entitled "Proposed PBID Boundary Map." The petitions, the boundary map, and the Management Plan are on file with the City Clerk.
- C. The City Council finds that the City has received the petitions signed by the property owners in the proposed PBID who will pay more than 50 percent of the proposed assessment,
- D. At the direction of the City Council, the Development Engineering and Finance Manager for the proceedings for formation of this PBID, has filed the Management Plan with the City Clerk, which was prepared in accordance with the provisions of Streets and Highways Code Section 36622.
- E. The City Council finds that the Plan satisfies all of the requirements of Streets and Highways Code Section 36622. The Plan provides for the following improvements and services within the PBID, all of which are intended to make the PBID safer, cleaner, and increase the commercial activity: (1) a security coordination effort program to support police and property owner crime prevention efforts; (2) a maintenance program to increase the frequency of litter and debris removal, pressure washing of sidewalks, and graffiti removal; (3) image enhancement and advocacy to promote business interests and allow the business community to speak with one voice. The Plan proposes to fund these improvements and services through the levy of a benefit assessment on real property within the PBID.
