Gentlemen:

A special meeting of the Sacramento Community Center Authority was held on December 9, 1986. Enclosed for your information are the following documents:

- o A resolution authorizing payment of Capital Improvement projects from bond proceeds.
- o Resolution authorizing: 1) execution of a lease agreement between the Authority and the City of Sacramento regarding real property at 14th and K Streets, known as the "Scofield Building"; 2) the Community Center Director to execute operational Scofield Building space rent/lease agreements with Scofield Building tenants; and 3) authorizing the City to deposit Scofield Building rental income in the City's Community Center Fund.
- o Resolution authorizing the Authority Director of Finance to make Scofield Building monthly mortgage payments.

You will note in the staff report attached that the resolution authorizing payment of Capital Improvement projects from bond proceeds the four projects listed: 1) roof repair and flashing; 2) fabric replacement for folding chairs; 3) carpet replacement - Activities Building; and 4) carpet replacement - Theater are to be the FINAL projects to be paid from construction proceeds.

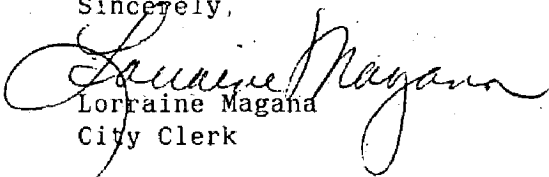

Attached for your information is a listing of the payments made thus far on the four items mentioned and the balance remaining for each of the items. As soon as the final billings for these projects are received and sent to you for payment, this office will send the Notice of Completion for the Community Center which will then close out the construction fund account.

Further, upon approval by the City Council, the lease agreement for the Scofield Building will be sent to you.

It is my understanding that the monthly mortgage payments on the Scofield Building will be paid out of the available funds, which I assume, in this case, to be the surplus revenue funds, once the construction fund account is closed. Further, is there any particular language that should be used on a request for payment (new requisition form)?

If you have any questions regarding this, please feel free to call or write me.

Sincerely,

  
Lorraine Magana  
City Clerk

SUBJECT: COMMUNITY CENTER AUTHORITY APPROVED PROJECTS

As requested, I have attached a list of the four approved projects, the amount of each agreement, and payments as they appear in my records. I did add Requisition #142 to the list as it is ready for processing (see attached). Requisition #139 is being checked by Boyd Hughes in Accounting as it appears that the requisition may have died there. He has the original invoice and requisition in his file.

Also, I will be processing the first payment on the theater reroofing project as soon as Phil Ezell returns the invoice.

Let's talk again about the filing of the Notice of Completion. I could be wrong, but I believe the Director of Public Works has to be involved because of his responsibility for the Construction Fund.

Thanks for your help.
