Honorable Mayor and
Members of the City Council

Title: Second Supplemental Agreement: Wood Rodgers Consulting for the
Fulton Avenue Development Project (CB37)

Location/Council District: 3701 Fulton Avenue/Council District 2

Recommendation: Adopt a **Resolution** authorizing the City Manager to execute
Supplemental Agreement No. 2 with Wood Rodgers for planning, engineering and
surveying services in the amount of \$131,500.

Contacts: Dean Peckham, Economic Development Senior Project Manager, 808-7063
James R. Rinehart, Citywide Economic Development Manager, 808-5054

Presenters: Not applicable

Department: Economic Development

Division: Citywide

Organization No: 4453

Description/Analysis

Issue: As a result of the increased cost of the proposed site engineering at the
Fulton Avenue Development project, the scope of services for Wood Rodgers
has expanded. The project has now moved into the final engineering design
phase. The cost for Wood Rodgers' additional planning, engineering and
surveying services is \$131,500.

Policy Considerations: The Fulton Avenue Development project is consistent
with the City of Sacramento Strategic Plan goals to expand economic
development throughout the City and achieve sustainability and livability.

Environmental Considerations: In and of itself, this update does not have any
environmental considerations. Clearly, the findings of the EIR will result in
environmental considerations and actions at some future date.

Rationale for Recommendation: In order for the Fulton Avenue Development project to achieve its highest and best use, it is necessary to have Wood Rodgers perform additional consulting services.

Financial Considerations: This agreement shall be funded by the Trapshoot Clean-Up Project, CIP #CB37, in an amount not to exceed \$ 131,500.

Emerging Small Business Development (ESBD): The Economic Development Department plans on entering into supplemental agreements with Wood Rodgers because they are already involved in, and familiar with, the Fulton Avenue Development project. Wood Rodgers is not a registered small business.

Respectfully Submitted by: James R. Rinehart ^{DJR}
James R. Rinehart
Citywide Economic Development Manager

The City had leased 21± acres of Del Paso Park to the Sacramento Trapshooting Club (STC) site since approximately 1915. On September 30, 2004, the STC lease expired and the STC was given written notification that its lease was being converted to a month-to-month status. By authorization of the Sacramento City Council, the STC was given a 60-day notification that its lease was terminated effective June 30, 2006.

In 2002, the City Council directed staff to examine potential alternatives for the "highest and best" uses for the site that would offer a compatible and productive use of the property. In 2004, Mel Raption Honda, currently located on Fulton Avenue, submitted a written request to the City to lease a portion of the existing property that was leased by the Trapshooting Club. An Exclusive Rights to Negotiate (ERN) was executed on June 1, 2004, between the City and Raption. It has been renewed by Council three times.

In February 2006, the City entered into a professional services agreement with Wood Rodgers for planning, engineering and surveying services. The original contract amount was \$98,000.

Financing for this project (CB37) has been provided by a "pre-development funding" in the amount of \$500,000 and by a "bridge loan in the amount of \$6.4 million, approved by the Council on May 23, 2006.

In August 2006 the City entered into the first supplemental agreement with Wood Rodgers for planning, engineering and surveying services. The first supplemental agreement was for \$44,860.

On December 12, 2006 the City Council approved the Conditions Precedent Agreement (CPA) between the City of Sacramento and Raption Honda that memorializes the parties' progress in negotiating a lease and commits the parties to perform specified tasks.
