Consent
October 23, 2007

Honorable Mayor and
Members of the City Council

Title: Sewer Credit Approval and Reimbursement Agreement: Natomas Gateway Tower

Location/Council District: 2020 West El Camino; Council District 1

Recommendation: Adopt a Resolution awarding a maximum of 67.25 Sacramento Regional County Sanitation District (SRCSD) connection fee credits to the described project known as Natomas Gateway Tower.

Contact: Sheri Smith, Project Manager: 808-7204

Presenters: N/A

Department: Economic Development

Division: Citywide

Organization No: 4453

Description/Analysis

Issue: The City of Sacramento's Economic Development Department recommends approval of the attached resolutions awarding a maximum of 67.25 SRCSD sewer credits to the project known as Natomas Gateway Tower. The project is located at 2020 West El Camino Avenue, in District 1 (APN: 274-0042-035). The Natomas Gateway Tower is designed to the US Green Building Council's LEED Gold Standards, making it an energy-efficient green building. The Sacramento Regional County Sanitation District is working with the developer to calculate the actual usage of the efficient design which may lower the amount of sewer credits the project will ultimately utilize.

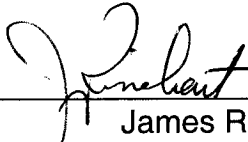

Policy Considerations: The City of Sacramento views projects that promote business creation and expansion as an important cornerstone of the City's economic development goals. The City of Sacramento also supports such projects to make Sacramento the most Livable City in America. The 330,000 square foot office tower is estimated to create capacity for 1,000 jobs that will promote the City's objective of growing high paying jobs and furthering the economic growth of the City of Sacramento.

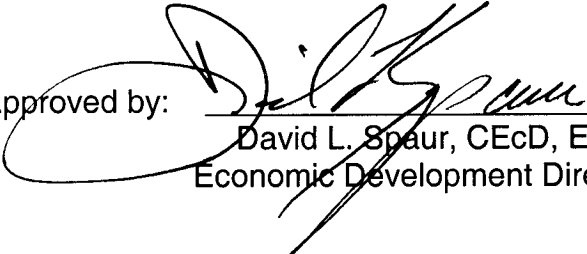

Environmental Considerations: This project is subject to the environmental review process as part of the approval of its development application.

Rationale for Recommendation: This candidate for sewer credits meets Council-approved criteria for the granting of sewer credits pursuant to Resolution 2006-457, adopted on June 20, 2006. The Natomas Gateway Tower is a commercial use, LEED Gold certified office building, which will be a leader in green office building and is anticipated to provide for 1,000 jobs. To promote the goal of making Sacramento the most Livable City in America, it is recommended that the Council issue sewer connection fee credits to the Natomas Gateway Tower project.

Financial Considerations: Approval of the resolution imposes no additional expense upon the City beyond the minimal administrative costs associated with processing the approved credits.

Emerging Small Business Development (ESBD): Not Applicable

Respectfully Submitted by: 
James R. Rinehart
Citywide Economic Development Manager

Approved by: 
David L. Spaur, CEcD, EDFP
Economic Development Director

BACKGROUND:

The Sacramento Regional County Sanitation District (SRCSD) established an Economic Development Treatment Capacity Bank (Bank) in June 2000 and the City of Sacramento received the June 2000 initial allocation of 7,971 Equivalent Single Family Dwellings (ESDs) Credits from the Bank. At the time, SRCSD limited local jurisdictions to using a maximum of 15 percent of its total allocation for residential purposes. The City of Sacramento subsequently received another allocation of 756 ESDs in March 2005, bringing the total ESDs to 8,727.

Following the allocation, the City requested greater latitude to use the Credits to assist in housing development. In response to the City's request, SRCSD reconvened the Stakeholders' Working Group to discuss the proposed additional flexibility for residential purposes, to recommend a methodology for allocation of additional excess capacity that the District has purchased, to recommend disbursement guidelines for the District's own allocation from the Bank, and to address other administrative actions.

Amendments adopted on June 20, 2006, in Resolution 2006-457 expanded the additional 15 percent annual allocation to also include infill and transit-oriented housing. This permitted each local jurisdiction to have more flexibility in using the Bank. As of July 2006, the City of Sacramento has issued 1,445.56 Credits in sewer credits since the program's inception. Since Resolution 2006-457, the City has issued 109.98 Credits: 90.98 Credits for commercial and 19.00 Credits for residential projects.

Resolution 2006-457 approved the amended MOU between the Sacramento Regional County Sanitation District (SRCSD) and the City and authorized the City Manager to execute the amended MOU. The Resolution also approved the Guidelines for the allocation and awarding of Treatment Capacity Bank Credits for commercial development, Downtown, low-income, and infill / transit-oriented development (TOD) projects.

RESOLUTION NO.

Adopted by the Sacramento City Council

**AWARD SACRAMENTO REGIONAL COUNTY SANITATION DISTRICT (SRCSD)
CONNECTION FEE CREDITS FOR THE NATOMAS GATEWAY TOWER
2020 WEST EL CAMINO AVENUE (APN: 274-0042-035)**

BACKGROUND

- A. On March 20, 2001, City Council authorized the City Manager to sign a Memorandum Of Understanding (MOU) to initiate City participation in the Sacramento Regional County Sanitation District Economic Development Treatment Capacity Bank (CC2001-177);
- B. On June 20, 2006, City Council approved Resolution 2006-457, approving criteria for the granting of Treatment Capacity Bank Credits (Credits) for commercial development, Downtown, low-income, and infill / transit-oriented development projects, and amending the Memorandum of Understanding (MOU) between the Sacramento Regional County Sanitation District (SRCSD) and the City.
- C. The City of Sacramento has been awarded a total of 8,727 sewer credits. As of July 2007, the City of Sacramento has issued 1,445.56 sewer credits to eligible projects.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL
RESOLVES AS FOLLOWS:**

- Section 1. City Council finds that award of credits by this resolution meets the approved criteria for granting of credits pursuant to Resolution 2006-457 , and hereby awards a maximum of 67.25 new SRCSD sewer credits to the project known as Natomas Gateway Tower, located at 2020 West El Camino Avenue (APN #:274-0042-035).
- Section 2. Any and all credits awarded herein to each individual recipient shall expire if said individual recipient has not paid its requisite sewer impact fee to SRCSD within one year from the date of approval of this resolution.
- Section 3. Any and all credits awarded herein to each individual recipient will expire if said individual recipient has not been issued a building permit for its respective above referenced development project within one year after the City Council has awarded use of the aforementioned sewer credits.
