Of the \$16,000. additional requested, \$13,000.00 is foundry fees, \$3,000.00 to rebuild the armature, purchase additional clay and pay Lisa. B. Miller asked where the \$6,000. comes from. M. Walker said it originally came from an APP trust. Small accounts are combined to pay for maintenance. \$400,000. total. D. Sronce asked how much we allocate for maintenance. M. Walker said in the past 5% was pulled off each project. B. Chiang asked have we done this before. B. Miller asked why it did not come before APP? L. Bloom explained it is not a Capital Improvement project. Nanette Roe so moved to approve, Lynn Jones second. 6 ayes, 0 noes, 3 absent.
2. Approve to Re- Open Call for the Airport Bridge Project.
 - L. Bloom described issues with the project as: a. M. Riegel selected artist is ineligible, he lives outside the Sacramento County; b. There was a conflict of interest with one arts professional panelist; c. APP extended the project application deadline without a formal call, due to the low turnout of applicants.. Courses for action listed in the staff report.
 - L. Jones commented that as an observer of the panel proceedings she saw that Kathy Noonan was winner of the first round of votes. Airport director changed that vote. L. Bloom reported that the airport director changed his mind regarding placement of the art at the panel. B. Miller said the artists were misdirected in preparing their proposals. Alan Osborne said at the artist information meeting the median was offered as an optional location. K. Noonan concurred.
 - L. Jones suggested option #3, commission should go to second place artist Kathy Noonan.
 - M. Walker explained the Commission's approval process to re-open RFP's was not used and created concern by some artists whose submittals were within the original deadline but were not notified about the extension. B. Miller indicated APP staff should be able to change deadlines, we just didn't get enough submittals. He felt that Linda did what she could. L. Jones said she felt it was not an issue. L. Bloom said it was extended two weeks, six additional applicants submitted and none of them were finalists.
 - L. Jones asked M. Walker what were the complaints and who exactly was complaining? M. Walker said the concerns were about the RFP deadline, the panel composition. She stated the allegations were not true she just wants to speak to perceptions. She indicated she felt the voting process, the perceived rental car invitation, the new scoring system using a "consensus" approach was perceived as a problem. B. Miller said it is the same scoring sheet as before, panelists just don't pay attention to the numerical score. He indicated that L. Bloom gave a clear description of how to make the choice fairly to the panel members in her introduction.
 - B. Chiang asked the artist guests how they feel? Alan Osborne said he would like to participate again and suggested utilizing the four original finalists. No other artists expressed an opinion at that time.
 - D. Sronce moved to approve #2 and #5, N. Gotthart seconded. 4 ayes, 1 opposed, 1 abstention, 3 absent. (New panel, limited competition among the 4 artist finalists)
 - Discussion of new panel ensued as follows:

1. T. Schutton should not vote, construed as a conflict since he signs the contract for the County;
 2. Parking engineer firm should not vote;
 3. Convene a panel of 5 or 7;
 4. Clarify where and what airport wants;
 5. Nanette Roe will be the APP member on the panel; New arts professionals; New artist information meeting. Suggested panel composition to be Hardy Acree; Cheryl Demetriff, Nanette Roe, Kris Barkley, architect, plus one Commissioner, two Arts Professionals.
