

RESOLUTION NO. 2008-127

Adopted by the Sacramento City Council

March 4, 2008

APPROVING SUPPLEMENTAL AGREEMENT #1 WITH DCM GROUP, INC. TO PROVIDE PROFESSIONAL SERVICES FOR LABOR COMPLIANCE FIELD INVESTIGATION & ADMINISTRATIVE SERVICES FOR VARIOUS CITY PUBLIC WORKS PROJECTS (JN: 3431/15001121)

BACKGROUND

- A. The City's approved Labor Compliance Program (8/95) and State of California Department of Transportation (Caltrans) policies and procedures require specific labor compliance field investigation, monitoring and administrative services for City construction projects subject to state or federal prevailing wage laws and apprenticeship standards. Activities include, but are not limited to: field interviews with employees at the project job site, review of certified payroll and apprenticeship documents, investigation of prevailing wage violation complaints, processing and reconciliation of contractor pay request applications, facilitating the project closeout process and provision of technical assistance and administrative support to staff, management and contractors related to labor compliance.
- B. To facilitate staff effort in meeting these regulatory mandates, the Department of Transportation has procured these services under professional services agreement since its inception in April 2004. In October 2006, the Department of Transportation advertised a Request for Proposals for professional services to conduct labor compliance field investigation and administrative services. Three firms responded. A diverse panel which consisted of Department staff, the City's Disadvantaged Business Enterprise (DBE) liaison and the Labor Compliance Officer from the County of Sacramento reviewed and evaluated the firm's written proposals based on experience, qualifications, and proposed work plan for the project. Two firms demonstrated they were highly qualified for the project. Based on this, the panel held interviews with both firms to better define the top-ranked firm. Based on the selection process, DCM Group, Inc was ranked the top firm.

On March 13, 2007, Council approved the original agreement with DCM Group (CMA #2007-0228) to provide labor compliance field investigation and monitoring services for City public works projects. These services were necessary to facilitate staff effort in meeting regulatory requirements of the City's approved Labor Compliance Program (8/95) and State of California Department of Transportation (Caltrans) policies and procedures relating to City public works

projects.

Supplemental Agreement Number 1 with DCM is required to continue labor compliance monitoring of City public works projects and provide technical support to the Engineering Services Division, Department of Transportation. The supplemental agreement adequately funds the amended scope of work reflecting additional duties assigned to DCM as well as maintains base level compensation for the duties approved under the original agreement for one final year.

BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL RESOLVES AS FOLLOWS:

Section 1. Approve Supplemental Agreement #1 with DCM Group, Inc. for Labor Compliance Field Investigation & Administrative Services (JN: 3431/15001121) in the amount of \$119,999 and extend the original agreement through March 12, 2009.
