City Council
Sacramento, California

Honorable Members In Session:

SUBJECT: WEST EL CAMINO WATER TRANSMISSION MAIN PROJECT (PN: ZD41)

LOCATION AND COUNCIL DISTRICT:

The West El Camino Water Transmission Main Project is located on West El Camino Avenue in the Natomas area between Azevedo Drive and Northgate Boulevard (District 1).

SUMMARY

This project has been advertised for bids. Bids have been received and contract award is recommended.

STAFF RECOMMENDATION

It is recommended that the City Council accept the low bid of T & S Construction Co., Inc. in the amount of \$1,202,230.00, and award the contract.

BACKGROUND INFORMATION

The West El Camino Water Transmission Main project is the first of two phases of the Northgate Boulevard-West El Camino Avenue Water Transmission Main project. The second phase will

City Council

June 16, 1992

involve the installation of a thirty (30) inch transmission main along Northgate Boulevard from State Route 160 to the intersection of West El Camino Avenue. Upon completion of both phases, the project will improve redundancy by interconnecting the two existing water transmission mains crossing the American River. The two water main crossings are the I-5 bridge (24-inch diameter) and the abandoned SPRR bridge (42-inch diameter).

On May 5, 1992, the City Council approved the plans and specifications for this project. Bids were received and opened by the City Clerk on June 3, 1992. The bids received were:

T & S Construction Co., Inc.	\$1,202,230.00
Pacific Underground Construction, Inc.	\$1,215,840.00
Lund Construction Co.	\$1,298,713.00
Dorfman Construction Co., Inc.	\$1,391,581.00
Antovich Construction, Inc.	\$1,436,306.00
EMSCO of San Francisco	\$1,457,890.00
Copenhagen Utilities & Construction	\$1,639,836.00
Valley Engineers, Inc.	\$1,681,940.00
Manuel Brothers, Inc.	\$1,709,227.00

The engineer's estimated construction cost was \$1,624,250. The estimated project completion date is December 15, 1992.

FINANCIAL CONSIDERATIONS

Sufficient funds are available for this project. The estimated total project cost, including all planning, design and construction costs is \$2,014,150. The current budget is \$2,840,000, which was approved in the Capital Improvement Program from Water funds (413). The amount currently available for the project is \$2,786,793 as of June 4, 1992.

POLICY CONSIDERATIONS

This action is consistent with Chapter 58, Article III, Section 58.304 of the City Code concerning award of contracts.

City Council
West El Camino Water Transmission
June 16, 1992

MBE/WBE

Plans and specifications were sent to nineteen (19) plan rooms and construction services organizations for publication and use by the construction industry of Northern California. There are four (4) organizations on the distribution list that are directly involved with MBE/WBE contractors.

There were 26 planholders, one of whom is a certified MBE/WBE contractor, but did not submit a bid.

Respectfully submitted,

for/ Jim Berguerin
Donald R. Jacobs
Engineering Services Manager
