Honorable Members in Session:

SUBJECT: Community/Convention Center Expansion Supplemental EIR (M89-040)

SUMMARY

The City has reached a point in the Community /Convention Center Expansion Project (Expansion) where the supplemental environmental review can be conducted. It is recommended that a contract be authorized with Nichols-Berman for an amount not to exceed \$93,680 to complete a Supplemental Environmental Impact Report (SEIR) for this project.

BACKGROUND

The project is the proposed expansion of the Community/Convention Center in the site known as the East Alternative consisting of approximately 130,00 square feet of exhibit and meeting space and approximately 20,000 square feet of support services. The East Alternative is located in the block bounded by 15th Street, L Street, 14th Street and J Street, with the exception of the Panatoni Building at 1030 15th Street and St. Paul's Episcopal Church at the corner of J Street and 15th Street.

Environmental Services staff requested proposals from nine environmental consultants. Three firms chose not to respond, four firms declined to propose and two proposals were received. The proposals were reviewed by staff of the Finance Division, Traffic Engineering Division, Facility Management Division and Environmental Services Division. The two proposals are listed below.

| <u>Consultant</u> | <u>Proposal Cost</u> |
|-------------------|----------------------|
| STA Inc. | \$83,610 |
| Nichols-Berman | \$80,990 |

The Project Manager selected the firm of Nichols-Berman to prepare the SEIR, as the firm meets the qualifications, has prepared a number of EIRs for the City and can meet the City's schedule for the project.

After the consultant had been selected, the scope of work was altered to include additional tasks. The revised budget from Nichols-Berman totals \$93,680.

POLICY CONSIDERATIONS

It is existing City policy to contract project EIRs. Staff have also been directed to prepare studies in a timely manner at the lowest possible cost. The consultant selection process utilized will allow for a timely completion of an EIR at a reasonable cost.

MBE/WBE CONSIDERATIONS

Nichols-Berman is a certified MBE/WBE vendor through the Redevelopment Agency.

FINANCIAL INFORMATION

The cost to prepare the study is projected to be \$93,680. The contract will be financed from the existing Capital Improvement Project budget (PA11) for this expansion.

RECOMMENDATION

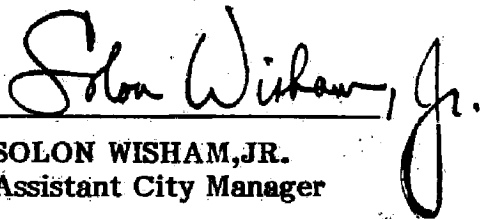

It is recommended that the Budget and Finance Committee recommend that the City Council adopt the attached resolution providing contract authorization for Nichols-Berman in the amount of \$93,680 to prepare the SEIR for the Community Convention Center expansion.

Respectfully submitted,

Carol Branan
Environmental Services Manager
