Honorable Mayor and
Members of the City Council

Title: Sewer Credits Approval: Del Paso Nuevo Phase 5

Location/Council District: Del Paso Nuevo subdivision Lots 1-95, Council District 1

Recommendation: Adopt a Resolution awarding a total of 92 Sacramento Regional County Sanitation District (SRCSD) connection fee credits to the described project known as "Del Paso Nuevo Phase 5."

Contact: Micah Runner, Senior Project Manager, 808-5448

Presenters: n/a

Department: Economic Development

Division: Citywide

Organization No: 4453

Description/Analysis

Issue: The City of Sacramento's Economic Development Department recommends approval of the attached Resolution awarding 92 SRCSD sewer credits to the 95-unit low-income infill housing project known as Del Paso Nuevo Phase 5 located at the entire subdivision of lots 1-95 APN's: 250-0220-019, 250-0220-020, 250-0230-001, 250-0230-006, 250-0230-007, 250-0230-008, 250-0230-009, 250-0230-010, 250-0230-011, 250-0230-012, 250-0230-013, 250-0230-014, 250-0230-037, 250-0230-041, 250-0230-043, 250-0230-047 portion. All of these properties are located on the streets of Taylor, Carroll Ave, Ford Rd. and one parcel on Park Rd.

Policy Considerations: The City of Sacramento views projects that promote low-income housing and infill development as an important cornerstone of the City's economic development strategy and it helps to make Sacramento the most Livable City in America. Approval of the subject recommendation serves to promote this City policy objective.

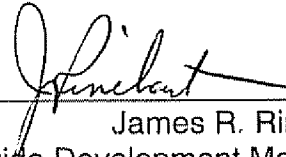

Environmental Considerations: This project is subject to the environmental review process as part of the approval of its development application.

Rationale for Recommendation: This candidate project meets Council-approved criteria for the granting of sewer credits because it is a high-density housing infill project with 100% affordable housing units. To promote its goal of making Sacramento the Most Livable City in America, it is recommended that Council grant sewer connection fee credits to the Del Paso Nuevo Phase 5 low-income housing project. The project will bring a total of 95 new affordable housing units to the City and will serve as a catalyst for further high-density infill projects near the project site.

Financial Considerations: Approval of the Resolution has no financial impact on the City.

Emerging Small Business Development (ESBD): Not Applicable

Attachment 1**BACKGROUND:**

The Sacramento Regional County Sanitation District (SRCSD) established an Economic Development Treatment Capacity Bank (Bank) in June 2000 and the City of Sacramento received the June 2000 initial allocation of 7,971 Equivalent Single Family Dwellings (ESDs) from the Bank. At the time, SRCSD limited local jurisdictions to using a maximum of 15 percent of its total allocation for residential purposes. The City of Sacramento subsequently received another allocation of 756 ESDs in March 2005, bringing the total ESDs to 8,727.

Following the allocation, the City requested greater latitude to use the Credits to assist in housing development. In response to the City's request, SRCSD reconvened the Stakeholders' Working Group to discuss increased uses for the Credits. The Group discussed the proposed additional flexibility for residential purposes, recommended a methodology for allocation of additional excess purchased capacity, recommended disbursement guidelines for the District's own allocation from the Bank, and addressed other administrative actions.

Amendments in Resolution 2006-457 expanded the additional 15 percent annual allocation to also include infill and transit-oriented housing. This permitted each local jurisdiction to have more flexibility in using the Bank. As of July 2006, the City of Sacramento has issued 1445.56 Credits in sewer credits since the program's inception. Since Resolution 2006-457, the City has issued 109.98 Credits: 90.98 Credits for commercial and 19.00 Credits for residential projects.

Resolution 2006-457 approved the amended MOU between the Sacramento Regional County Sanitation District (SRCSD) and the City and authorized the City Manager to execute the amended MOU. The Resolution also approved the Guidelines for the allocation and awarding of Treatment Capacity Bank Credits for commercial development (2000 credits), Downtown (1300 credits), low-income (1000 credits), and infill / transit-oriented development (TOD) projects (1200), contingency (654 credits).

RESOLUTION NO.

Adopted by the Sacramento City Council

**AWARDING NINETY-TWO SACRAMENTO REGIONAL COUNTY
SANITATION DISTRICT (SRCSD) CONNECTION FEE CREDITS
FOR DEL PASO NUEVO PHASE 5**

BACKGROUND

- A. On March 20, 2001, City Council authorized the City Manager to sign a Memorandum Of Understanding (MOU) to initiate City participation in the Sacramento Regional County Sanitation District Economic Development Treatment Capacity Bank (CC2001-177);
- B. On June 20, 2006, City Council approved Resolution 2006-457, amending the Memorandum of Understanding (MOU) between the Sacramento Regional County Sanitation District (SRCSD) and the City, and guidelines for the allocation and awarding of Treatment Capacity Bank Credits (Credits) for commercial development, Downtown, low-income, and infill / transit-oriented development projects.

**BASED ON THE FACTS SET FORTH IN THE BACKGROUND, THE CITY COUNCIL
RESOLVES AS FOLLOWS:**

- Section 1. City Council hereby awards a maximum of 92 SRCSD sewer credits to the 95-unit low-income infill housing project known as Del Paso Nuevo Phase 5 located at The Entire Subdivision of Lots 1-95 (APN #:250-0220-019, 250-0220-020, 250-0230-001, 250-0230-006, 250-0230-007, 250-0230-008, 250-0230-009, 250-0230-010, 250-0230-011, 250-0230-012, 250-0230-013, 250-0230-014, 250-0230-037, 250-0230-041, 250-0230-043, 250-0230-047 portion).
- Section 2. Any and all credits awarded herein to each individual recipient shall expire if said individual recipient has not paid its requisite sewer impact fee to SRCSD within one year from the date of approval of this Resolution.
- Section 3. Any and all credits awarded herein to each individual recipient will expire if said individual recipient has not been issued a building permit for its respective above referenced development project within one year after the City Council has awarded use of the aforementioned sewer credits.
