Re: Porch Rafter Framing @ Elevation 'B', Plan 3: Westborough 8
 O'Connor Freeman Job Number: E011109

Jeff:

You contacted our office concerning the framing of the elevation 'B' porch rafters on Plan 3 of the Westborough 8 project. Specifically, you informed our office that the framing on the porch rafters was not being done the same way the plans called out for. In replace for the 2x6 rafters, 4x8 rafters are being used and in replace of the roof sheathing, 1x8 resawn sheathing is being used over the porch. You therefore requested to have a new detail clarifying the connection of the rafters to the house. Our office has made a new detail of this area and has attached detail 'B' for your reference and review.

If you should have any further questions or comments please do not hesitate to call.

Sincerely,

O'Connor Freeman & Associates, Inc.
