Honorable Members in Session:

SUBJECT: REPLACEMENT OF THE PIN-ON COMPACTOR TEETH ON THE WHEELS OF EQUIPMENT #5194, A CATERPILLAR COMPACTOR

SUMMARY

The Fleet Management Division has a requirement for the replacement of the pin-on compactor teeth on the wheels of Equipment #5194, a Caterpillar Compactor assigned to the City Landfill. The cost for replacement teeth, installed, is not to exceed \$16,500. The recommended vendor is Caron Compactor Company.

BACKGROUND

The compactor assigned to the City Landfill has reached a point where the replaceable pin-on compaction teeth on the wheels must be replaced. The tooth height must be maintained to assure proper compaction standards are met and to prevent wear to the reuseable teeth bases. The Caron pin-on teeth are a patent protected part available only from Caron Compactor Company.

FINANCIAL DATA

The total cost for this requirement is \$16,500. Currently \$151,956 is available in the Fleet Management Division's 1988-89 Fiscal Year Maintenance and Repair Budget, (420-190-1949-4241).

RECOMMENDATION

It is recommended that, in the best interests of the City, the City Council adopt the attached resolution for the replacement of the pin-on compactor
