SCERS ANNUAL FINANCIAL REPORT, JUNE 30, 1988
ACCEPTED AS INFORMATIONAL

Rick Elkin, Department of Finance, Mark Rodebaugh and Louis Paletta of Touche Ross, appeared before the Board to answer any questions on the annual financial report. Mr. Friery stated he would like the report to come to the Board in draft form prior to being released as final. Mr. Rodebaugh briefly explained the responsibilities of the auditor and stated that Touche Ross would be glad to meet with the Board or its representatives prior to the start of the audit. This would get dialogue going between the two parties. Jim McAdler expressed his thanks and appreciation to the staff of Employee Services, Treasurer and Finance in putting the report together. The Board accepted the report.

POLICY MATTERS TO BE CONSIDERED AND ACTED UPON

ASSET ALLOCATION AND DIVERSIFICATION
ACCEPTED

The Board received and reviewed Mr. Friery's recommendation on asset allocation and estimated redistribution. At this time, Mr. Friery recommended no change in the Board's current asset allocation policy. Mr. Friery reminded the Board that investment allocation might be directed towards greater fixed income investments when the phenomenon of plan payouts exceeds the sum of contributions and investment income. When this occurs, interest income earned on fixed income securities will take on a more important role than total performance. The actuary has estimated that plan payouts may exceed contributions during this calendar year, but it will be several years before plan payouts will exceed contributions and investment income.

Should interest rates rise sharply, Mr. Friery would recommend the Board reconsider asset diversification. The Treasurer's office will present a report on the effects of increasing fixed income allocation by June 30, 1989.

At the February 1989 meeting the Board will be informed of the actual amount of fund redistribution.

The Board accepted the report.

The Secretary invited the Board to attend CALAPRS General Assembly on April 2 and 3, 1989.

1/ Per Board Resolution # 86-007, dated 6/23/86, Real Estate Equity can be leveraged up to 50% of the System's Portfolio and up to 75% of the purchase price of a particular property. The Discovery Plaza Property purchased for \$10 million was leveraged with a \$6 million 9.875% note dated 2/24/87 payable to the Travelers Insurance Company. Annual Interest Expense on this loan is \$592,500.

2/ The estimated annual income represents only interest and dividends, and does not include Capital Gains, Administrative Expenses and Debt Service. Capital Gains for the prior fiscal year 1987/8 was \$9 million. Administrative Expenses for this same period were \$90,000 for Banking and Trustee Fees, \$766,000 for Investment Manager Fees, \$444,000 for Interest Expense on Note Payable (Discovery Plaza), and \$793,000 for Real Estate Maintenance and Repair Expenses. Although we are unable to estimate Capital Gains for Fiscal Year 1988/9, we anticipate that the other expenses should remain fairly constant. These additional income and expense items should be considered in determining the funds total performance.
