Honorable Members In Session:

**SUBJECT:** Street Improvements in the Oak Park Residential Area (PN:TA86) -- Project Approval, Resolution to Appropriate Funds and Bid Advertisement

SUMMARY

Plans and specifications for this project have been prepared. Project approval and adoption of the attached resolution to increase the revenue budget and appropriate funds is recommended. Also recommended is authorization to advertise for bids. This item was considered by the Budget and Finance Committee at its meeting of August 2, 1988.

BACKGROUND

Construction in the Oak Park Residential Area (OPRA) has been divided into three projects:

- 1) Curb, gutter and sidewalk replacement in the OPRA. Construction bids were received on July 19, 1988. Sufficient funding exists for this project. The estimated construction cost was \$232,000.
- 2) Handicap ramps in the OPRA. It is expected that this phase of the total phase will be advertised for bids next winter, with construction taking place in the spring of 1989. The estimated construction cost is \$170,000.
- 3) Street Improvements in the OPRA. This is the current phase of the overall project and will include pavement, curb, gutter, sidewalk and drainage on three streets (Catala Way, 11th Avenue and 42nd Street). The engineer's estimated construction cost is \$134,200.

FINANCIAL

Additional funds will be needed for this project. The estimated total cost for the overall project, including all planning, design and construction costs, is \$952,000. The current budget for the total project is \$370,000, with \$70,000 from Community Development Block Grant Funds (205) and \$300,000 from Tax Increment Funds (206). The total cost of curb, gutter and sidewalk replacement portion of the project is estimated to be \$292,000, leaving \$78,000 available for this project for street improvements.

The Sacramento Housing and Redevelopment Agency and the City have entered into Individual Project Agreements (IPA) totaling \$960,829 for all portions of the total project. It is proposed that the remaining \$590,829 from the IPA be appropriated from the Sacramento Housing and Redevelopment Agency Capital Improvement Fund (206) to the Oak Park Residential Redevelopment project (PN:TA86). All City expenses will be reimbursed by the Sacramento Housing and Redevelopment Agency based upon the IPA.

A non-refundable fee of \$20 will be charged for each set of plans and specifications to cover reproduction costs.

RECOMMENDATION

It is recommended that the City Council approve the project, increase the revenue budget and appropriate funds for the project by adoption of the attached resolution and authorize the City Clerk to advertise for bids to be received on August 30, 1988.

Respectfully submitted,

THOMAS M. FINLEY  
Engineering Division Manager
