District)

A Public Hearing is scheduled for this date for hearing all appeals pertaining to the Assessment, Diagram and Engineer's Certificate respecting the public improvement work for Del Rio Junction Street Assessment District.

Acting as the Superintendent of Streets, I have caused to be prepared and filed with the City Clerk on March 5th, 1980, the Assessment, Diagram and Engineer's Certificate respecting the public improvement work for the Del Rio Junction Street Assessment District.

In my opinion, I have correctly estimated upon the lots or parcels of land within said Assessment District, (the said lots and parcels being the lots and parcels shown on the Diagram attached to said Assessment) the benefits arising from said work, and I therefore report to you that said Assessment, Diagram and Engineer's Certificate are true and correct in all respects.

The work has been completed under my supervision and to my satisfaction and the Assessment is ready to be turned over to the Contractor, Granite Construction Company, for collection.

I am advised by the City Clerk that no protests have been received and I recommend the approval of said Assessment, Diagram and Engineer's Certificate.

EXECUTED THIS 25TH DAY OF MARCH, 1980.
