Honorable Mayor and
Members of the City Council and Redevelopment Agency of the City of Sacramento

Subject: Administrative Changes to Resolutions for Stockton Boulevard California
Infrastructure and Economic Development Bank Loan

Location/ Council District: Stockton Boulevard Redevelopment Area
Council District 6

Recommendation:

Staff recommends that the City Council and the Redevelopment Agency adopt the resolutions on pages 3-8 which reflect administrative changes requested by the California Infrastructure and Economic Development Bank.

Contact: Lisa Bates, Community Development Director, 440-1322
Cynthia Shallit, Redevelopment Management Analyst, 440-1322

Department: Sacramento Housing and Redevelopment Agency

Summary:

This report recommends that the City Council and the Redevelopment Agency of the City of Sacramento (Agency) approve administrative changes to the resolutions previously approved for a loan from the California Infrastructure and Economic Development Bank (Infrastructure Bank) to fund streetscape improvements along Stockton Boulevard within the Stockton Boulevard Redevelopment Project Area.

Background:

On June 21, 2005, the City Council and the Redevelopment Agency approved submitting an application to the Infrastructure Bank to finance streetscape improvements along Stockton Boulevard. The application for \$4 million was subsequently approved by the Infrastructure Bank Board on September 27, 2005.

To finalize the funding process, the Infrastructure Bank has requested that we use the attached resolution form. Upon review by Legal Counsel, the content conforms to the matters previously heard, findings made, and actions approved by the City Council and Redevelopment Agency, but revises the preferred format.

Financial Considerations:

There are no changes from the previously approved financial terms.

Policy Considerations:

This action is administrative only in nature.

Environmental Review:

The Infrastructure Bank loan that would fund Phase III Stockton Boulevard Streetscape Improvements was previously determined to be exempt from environmental review under CEQA Guidelines Section 15301(c) because such improvements involve negligible or no expansion of capacity to accommodate vehicular traffic, nor a change in use. NEPA does not apply.

M/WBE Considerations:

The items discussed in this report have no M/WBE impact; therefore, M/WBE considerations do not apply.

Respectfully Submitted by:

ANNE M. MOORE
Executive Director
